

Pro Se Defendant

UNITED STATES DISTRICT COURT
DISTRICT OF COLUMBIA

UNITED STATES OF AMERICA,

Plaintiff,

VS.

ALAN HOSTETTER,

Defendant.

Case No.: 21CR00392-RCL

OPPOSITION TO GOVERNMENT'S OMNIBUS MOTIONS *IN LIMINE*

"The only thing I know... Is that I know nothing at all."

Socrates

“Socrates is the wisest person in Athens”

Pythia

Socratic Method: *Named after the Greek philosopher Socrates who taught students by asking question after question intending to bring them to tenable conclusions. The method is still popular in legal classrooms today.*

- 1 • What if everything we were ever taught about our history, our government, and the
2 world in which we live is a lie? How would we respond if we came to find out we
3 have ALL been duped and pitted against each other, enslaved by forces we never see
4 or hear from to drain us of our health and wealth? I will return to this question near the
5 end...
- 6 • Why, under current circumstances, am I writing this opposition motion as much for
7 public consumption as I am for this court?
- 8 • Why has the government tried so desperately and so successfully to prevent any use of
9 the entrapment defense as it relates to all J6 cases? What was the “Reichstag Fire?”
- 10 • Did the government label me a “conspiracy theorist” in their Motion In Limine? Does
11 the government know who coined that term in the 1960s in order to diminish and
12 discredit anyone who might question the conclusions of the Warren Report? What is
13 the definition of irony?
- 14 • Do we now know our own government assassinated JFK? Are the files still hidden 60
15 years later? Why? What are some of the reasons Tucker Carlson was canceled?
- 16 • Might the words, “Building Seven” and videos of the Q Shaman partially explain?
17 Does the public care?
- 18 • Where does the term *Bread and Circuses* come from and what does it mean? What is
19 the definition of *vindication*?
- 20 • Intermission: Having written what I have written so far, and just in case it is still
21 believed the FBI is not one of the most, if not THE most corrupt law enforcement
22 organization in the world, allow me to set the stage more properly with this FBI
23 whistleblower, Steve Friend. If you don’t have the time to listen to the entire interview
24 starting at 19:30 you should make time. If that is not possible, please go to the 27:00
25 mark and listen for just one minute. Do you hear what I hear about FBI management

1 personnel receiving bonuses based on the number of J6 heads they can serve up on a
 2 platter? Take a listen: <https://open.spotify.com/episode/3IwB2OLcPIX2WcmcStvLbP>

- 3 • Are law enforcement “quotas” for arrests and citations illegal in most states?
 4 <https://www.nyulawreview.org/issues/volume-96-number-2/police-quotas/>
- 5 • What does the 6th amendment to the U.S. Constitution protect? How might it benefit
 6 an innocent man? What are some federal strategies intentionally deployed to violate
 7 the 6th amendment for myself and for others?
- 8 • When a defendant wants a speedy trial and the government wants to delay, for two
 9 years, who does that reflect poorly on?
- 10 • Do highly trained and brilliant defense lawyers sometimes become mesmerized by
 11 lofty Latin phrases, flowery language and legal theories, therefore missing the forest
 12 for the trees?
- 13 • Am I a lawyer? What sort of an argument might a non-lawyer make in a case like this?
- 14 • What is *Reductio Ad Absurdum*?
 - 15 ○ Does it seem reasonable that (*legitimate*) Trump supporters really came to
 16 Washington D.C. on J6 to disrupt the one proceeding that was the ONLY hope
 17 at the time to have the stolen election reviewed and returned to states for
 18 further review and investigation?
 - 19 ○ Is it reasonable to believe that on 11/2/2020 the White House was protected in
 20 THIS manner after receiving no credible threats whatsoever...
 21 [https://ktla.com/news/nexstar-media-wire/nationworld/non-scalable-barrier-](https://ktla.com/news/nexstar-media-wire/nationworld/non-scalable-barrier-goes-up-around-white-house-ahead-of-election/)

 23 ...while on 1/6/2021 the security looked like this?
 24 [https://www.tmg.com/2021/07/09/capitol-police-angry-security-fence-](https://www.tmg.com/2021/07/09/capitol-police-angry-security-fence-replaced-bike-racks-jan-6-insurrection/)

The absurdity of this detailed more thoroughly here:

<https://rumble.com/vgiful-episode-2b-phoenix-rising-podcast-the-root-cause-of-the-capitol-riot.html>

- When considering the aforementioned two bullet points alone, does it seem remotely reasonable that this incident was not carefully planned and staged by rogue actors within the federal government for effect? Or would this proposition seem utterly absurd?
- Why might someone read from a teleprompter app on their computer when discussing something as sensitive as a likely upcoming indictment? Caution? Care? Avoid forgetting to mention something important?
- Is it likely that 95% of the people reading this Opposition did not spend the 20 minutes necessary to watch the video above? Please do. It is important and hopefully worth your time.
- If you were an aspiring lawyer sitting in a law school classroom and desired to further prove the absurdity of the government's position that J6 was not an entrapment scheme, what sort of questions and additional insights might you bring forward to prove this absurdity?
 - Are Trump supporters generally known to love cops or hate cops?
 - Trump supporters v. BLM/Antifa - During the summer of 2020 while the entire nation was literally burning, which group was throwing "Back the Blue" rallies? Which group was throwing Molotov cocktails at cops and blinding them with lasers?
 - Is it reasonable to believe legitimate Trump supporters went to the Capitol to attack cops? Compare/contrast – common sense?

- 1 ▪ With that in mind, is it more or less likely that nearly all the violence
2 and vandalism we witnessed on J6 was perpetrated by federal agents,
3 informants and crisis actors with very few legitimate Trump supporters
4 getting caught up in the entrapment scheme and joining in?
- 5 ▪ RE: J6 – Did one of the most popular presidents in American history
6 personally Tweet / request on 12/19/2020 that his supporters should
7 travel to Washington D.C to protest the stolen election? What part of
8 “Will be wild!” was difficult to understand?
- 9 ▪ How many days were available for federal law enforcement to prepare
10 for the protest? How many planning meetings were held? Who
11 attended? What was discussed? Did someone keep minutes?
- 12 ▪ Was there not one federal D.C. based law enforcement or military
13 leader in these meetings who threw up his or her hands in disgust and
14 exclaimed loudly, “This is the most absurd security plan I have EVER
15 seen for a protest of this magnitude and potential volatility?” How does
16 one find out whether it happened without use of the entrapment
17 defense?
- 18 ▪ Had BLM/Antifa burned down half the big cities in this country,
19 including Washington D.C. only months before J6?
- 20 ▪ As a result of this recent violence were over 50 secret service agents
21 injured, a sitting President driven into a bunker of the White House and
22 a church burned down right across the street from the White House
23 during only one extremely violent protest?
24 [https://www.foxnews.com/politics/secret-service-took-trump-to-](https://www.foxnews.com/politics/secret-service-took-trump-to-underground-bunker-amid-george-floyd-protests)
25 [underground-bunker-amid-george-floyd-protests](https://www.foxnews.com/politics/secret-service-took-trump-to-underground-bunker-amid-george-floyd-protests)

- 1 ▪ Can Washington D.C. be considered one of several “headquarters
- 2 cities” for BLM/Antifa?
- 3 ▪ Who are considered the arch enemy of BLM/Antifa? Do they take
- 4 “Pride” in this? Were both groups likely to participate in the protest?
- 5 Might they view each other as enemy combatants possibly? Do they
- 6 wear uniforms? Protective gear? Sometimes march into events in
- 7 military style formations?
- 8 ▪ Were numerous Trump supporters beaten mercilessly by BLM/Antifa
- 9 members in Washington D.C. once the sun went down after the
- 10 November and December 2020 Stop the Steal rallies? Did police
- 11 protect them?
- 12 ▪ Have many / most of these recorded beatings been scrubbed from the
- 13 Internet since they occurred? Reminder – Who was found to have
- 14 censored accounts and Tweets at Twitter? Who was Twitter’s General
- 15 Counsel?
- 16 ▪ Was there even a miniscule or remote possibility that two opposing and
- 17 well-known groups of “enemy combatants” might go to war by the
- 18 thousands, possibly tens of thousands, on J6 right outside the Capitol
- 19 Building?
- 20 ▪ Was it necessary that lots of advanced technology and several highly
- 21 trained intelligence units put their thinking caps on about this
- 22 possibility and make some grand pronouncement by issuing a multitude
- 23 of intelligence bulletins for the proper conclusions and proper
- 24 precautions to have been taken? Or were they too unable to see the
- 25 forest for the trees?

- 1 ▪ Could a basic police recruit in any police academy across America be
2 given this fact pattern and realize massive security precautions needed
3 to be taken on J6 to include thousands of additional officers and
4 national guardsmen along with “unscalable” secure fencing around the
5 Capitol building to secure the people and the process inside?
- 6 ▪ Are law enforcement leaders in the United States at all levels of
7 government trained to underprepare or overprepare when there is even
8 a remote possibility of a crisis / “critical incident” of this magnitude
9 occurring?
- 10 ▪ How much time did it take to install the unscalable fencing on J7, the
11 day after the Fedurrection?
- 12 ▪ What percentage of our federal elected officials were seated inside the
13 Capitol building on J6 during the riot? House? Senate? Vice President?
14 Reminder...Security around White House on 11/2 v. Capitol on 1/6?
15 Compare? Contrast? What are the odds?
- 16 ▪ Did President Trump personally direct a request be made for thousands
17 of additional National Guardsmen to augment security that day?
- 18 ▪ Was it denied? Who denied it? Why? Have we followed that rabbit
19 hole all the way down yet? Why not? Does it lead to the Queen? And
20 the truth?
- 21 ▪ Who stole Nancy Pelosi’s laptop on J6 and where is it now?

- 1 ▪ What are some occult symbols and meanings of the 1939 movie,
2 Wizard of Oz? Who was the true star of that movie and why? How
3 might this movie relate to what we are experiencing today?
- 4 ▪ Might Toto reappear, pull back the curtain and expose everything if this
5 rabbit hole were to be followed? Republicans? Where are you?
6 Uniparty? In on it too?
- 7 ○ Does actual physical and documentary evidence exist today that federal agents,
8 federal informants, crisis actors and other nefarious characters instigated and
9 initiated the entire incident for a specific purpose?
 - 10 ▪ Is it widely and publicly available?
 - 11 ▪ Who is Julie Kelly?
 - 12 ▪ Who is Darren Beattie?
 - 13 ▪ Have you explored and studied their writings? If not, why not?
 - 14 • Who is Ray Epps?
 - 15 • Who is Stewart Rhodes and what is his background?

- Might even BLM / Antifa have been present at the Capitol on J6 and involved in this entrapment operation? If so, what might that help to prove?
 - Who really is John Sullivan / aka Jayden X?
 - <https://www.sltrib.com/news/politics/2021/01/16/robert-gehrke-what-we/>
 - Who is John Sullivan's father and what was his role in the military?
Dig Deeper
 - Was John Sullivan's father religious? Devout? Which religion and where did they live?
 - Did I describe Scientology and Mormonism as "secret societies within a religious context" in my previous motion?
 - How many current and former high-ranking Free Masons and other secret society members rule over Washington D.C.? Has this ever been researched? Is it even possible to research it? How? Open source?
 - Are some secrets necessary? Are we all in the middle of a covert war and being subjected to PsyOps? Might this explain a lot about the current state of affairs?
 - Who was John Sullivan's brother? Polar opposite? What are the odds?
 - Who was John Sullivan walking and filming with inside the Capitol building on J6? Who did he work for?
 - Considering Sullivan's background (BLM/Antifa) What are the odds that John Sullivan would be present and filming Ashli Babbitt's murder, painfully and dramatically describing the "light leaving her eyes" as she was dying?

- 1 ▪ Did John Sullivan appear on CNN with Anderson Cooper the evening
2 of J6? Who was seated with him in the hotel room he was speaking
3 from?
- 4 ▪ Was John Sullivan's video of Ashli's murder also used as evidence in
5 the second impeachment trial of President Trump after he was already
6 out of office?
- 7 ▪ Have we reached mathematical impossibility in the number of
8 coincidences yet?
- 9 ▪ At some point, any point, does one allow himself or herself to see
10 through this illusion and corruption – even those Americans with
11 political views that differ from mine?
- 12 ▪ Or does the hatred of me... and those like me require that the haters
13 remain blind to the truth? I want to assure you; I do not hate you back. I
14 will explain at the end...
- 15 ▪ While on the topic of Ashli Babbitt, is it possible this 20-minute video
16 was missed by those who oppose me?
17 <https://www.bitchute.com/video/DYlb92zMkj41/> It was posted
18 approximately one month after her shooting.
- 19 ▪ Will you skip this one too and continue to rely on the Main Stream
20 Media for your information? It was they, after all, who labeled this
21 video a “conspiracy theory.” Or do you really want to have as deep an
22 understanding as possible as to what happened on J6?
- 23 ▪ As a thought exercise, how does the video make you feel? What
24 percentage of this video might be true or might be false? Do some of
25

1 the facts presented pique your curiosity? Or is it easy to disregard all of
2 it due to the infiltrating mind control of the mainstream media?

- 3 ■ If you learned that YouTube pulled this video down and censored it
4 within 24 hours of its appearance as it began to go viral, how does that
5 make you feel?
- 6 ■ If you found out that since it was censored on YouTube it has received
7 millions of views around the world over the past two years on Rumble
8 and BitChute, how does that make you feel? Were you even aware of
9 its existence?
- 10 ■ Can you think of some well-known episodes of censorship and book-
11 burnings of the past and who was responsible? What did your history
12 classes teach about this?
- 13 ■ Who exactly was Ashli Babbitt? What is her history? Air Force?
- 14 ■ What/who are the “Capitol Guardians?”
- 15 ■ What are questions, in addition to the video, that a law enforcement
16 professional investigating this shooting might ask?
- 17 ■ Have I supervised several administrative investigations into Officer-
18 Involved shootings during my law enforcement career? Would I pose
19 this question if I hadn’t?
- 20 ■ First of all, was her shooting justified? Lawful? Within department
21 policy?
- 22 ■ Let’s assume, for arguments sake, I as a detective investigating an
23 Officer-Involved shooting of an agency other than my own. I enter a
24 governmental building controlled by the agency employing the officer
25

1 being investigated and request their CCTV video of the hallway within
2 that same governmental building where the shooting took place.

- 3 ■ What might my specific request look like?
- 4 ■ 24 hours worth of video leading up to the shooting? Why? Suspicious
5 activity leading up to the shooting?
- 6 ■ The shooting itself? Why? To see exactly what the shooting looked
7 like from all possible angles?
- 8 ■ 24 hours following the shooting? Why? Any noteworthy activity in the
9 aftermath of the shooting? Observe every second of the actual crime
10 scene being processed and potential evidence being protected or left
11 unprotected?
- 12 ■ May we see the crime scene log?
- 13 ■ Who were the detectives attending her autopsy? From which agencies?
- 14 ■ Which Capitol Police Officer was dispatched to remain with the body
15 at the hospital she was taken to until she was finally taken to the
16 morgue? Has he/she been interviewed?
- 17 ■ Any CCTV video of the activity at the hospital showing what happened
18 to her there?
- 19 ■ What if a crime scene was never processed at all and everyone simply
20 disappeared from that hallway never to be seen again after the
21 shooting? What might might be taken from that?
- 22 ■ If the governmental agency refused to provide the video, what might
23 that cause me to do and what conclusions might I draw? Search
24 warrant? Incorporate into my investigation the possibility that someone
25

1 from within that governmental building is possibly involved in the
2 shooting and/or concealing something else?

- 3 ■ What might they be hiding?
- 4 ■ Let's assume further that the person requesting this information isn't a
5 police detective but rather a defendant in a J6 criminal case through
6 discovery. Let's assume also he has some relevant law enforcement
7 experience. He is being told he is facing 20 plus years in prison for a
8 conspiracy involving 5 other men. 4 of the men he doesn't know and
9 has never knowingly met or communicated with. He assumes the 5th
10 man is an informant or crisis actor of some sort. He believes J6 was one
11 of the most elaborate and sophisticated false flag events and entrapment
12 schemes in recorded history.
- 13 ■ Might he ask for this same 48 hours worth of video if he has many
14 questions about the Ashli Babbitt shooting and how it relates to J6?
- 15 ■ If there were suspicious activities in that hallway leading up to the
16 shooting and absolutely no crime scene processed afterwards, what
17 might that aid in proving?
- 18 ■ Would you view the Wooz News "conspiracy theory" video above in a
19 different light? Might viewing all of the thousands of hours of currently
20 hidden video footage be helpful to ALL legitimate J6 defendants?
21 Might that be why Tucker Carlson was fired from Fox News?
- 22 ■ If you found out that I made this specific discovery request for the
23 video of Ashli's shooting scene and this request was ignored, how does
24 that look ?
- 25 ■ How does *Brady v. Maryland* relate to this fact pattern?

- 1 ▪ Might this explain why the government fights desperately and, in fact,
2 “feverishly” to prevent all defendants from using an entrapment
3 defense? Might this defense be the most obvious and effective defense
4 against these charges? A defense that would topple this corrupt house
5 of cards?
- 6 ▪ What is the legal definition of “entrapment?”
- 7 ▪ If I told you that the FBI agents in California repeatedly informed those
8 they were questioning they were simply carrying out orders from
9 Washington D.C., would that surprise you?
- 10 ▪ If I further told you that I asked for the identity of the case agents in
11 Washington D.C. as part of my discovery requests and I was refused
12 that information would that also surprise you?
- 13 ▪ When I further asked how close in the chain of command the D.C. case
14 agent might be to Stephen D’Antuano, I was also refused that
15 information. Still surprised?
- 16 ▪ When I asked if the online group known as *Sedition Hunters* was
17 created, organized and staffed by federal agents and informants did
18 they give me a yes or no answer? What might be some big benefits of
19 the feds creating this group? Go deeper.
- 20 ▪ Shall we now return to the scene of the crime?
- 21 ▪ Does the word babbitt appear in the English dictionary? What is the
22 definition? Another coincidence? Or do they enjoy mocking us?
- 23 ▪ Why did Ashli’s shooter hide himself in the doorway of the office he
24 fired from? Why did Ashli look over in his direction shortly before she
25 climbed through the window? What caught her attention?

- 1 ▪ The shooter, US Capitol Police Lt. Michael Byrd, vaporized into thin
2 air immediately following the shooting, not to be identified nor seen
3 again for months. Why?
- 4 ▪ If Lt. Byrd believed he was justified in killing a petite, unarmed woman
5 for entering the Speaker's Lobby, why did he not step forward loudly
6 and proudly into the center of said hallway before he fired, display his
7 firearm, and give warning that he would shoot the first protester
8 entering that hallway? Would Ashli still be alive today?
- 9 ▪ If he truly believed he was justified, why did he not step forward into
10 the hallway immediately after the shooting and do same in order to
11 protect elected officials down the hallway from him as he claimed he
12 was later?
- 13 ▪ When you have "the drop" on a deadly crowd about to take over the
14 Capitol, weapon at the ready, and plenty of rounds remaining, does
15 running away immediately, without ever showing yourself and without
16 giving one verbal command seem reasonable?
- 17 ▪ Did Byrd possibly know in advance that the "unruly crowd" would
18 immediately disperse after the shooting?
- 19 ▪ Might the one woman in the stairwell observing this scene and yelling,
20 "They actors! They ALL acting!" have thrown a bit of a monkey
21 wrench into a "plan"?
- 22 ▪ Could the shooting have been a false flag within the greater false flag
23 itself?

- 1 ▪ Is it possible that EVERYONE in that shooting scene, both cops and
2 criminals, were crisis actors? Watch their behavior closely in that
3 video. What are the odds?
- 4 ▪ Let's go deeper... Who is Lt. Michael Byrd and what can we find out
5 about his past? Disciplinary record? Keystone cop? Were the keystone
6 cops actors? Or were they real?
- 7 ▪ Did Capitol Police Chief Steven Sund prepare an 8-page memorandum
8 for Nancy Pelosi and Congress shortly after the events of J6? Was it for
9 the purpose of explaining all of the horrible things that happened that
10 day and why it spun so out of control?
- 11 ▪ Was it an explanatory memorandum designed to shift blame away from
12 himself and the men and women of his department to some degree?
- 13 ▪ What likely would have been one of the most iconic and resource-
14 draining events occurring that fateful day? Likely the most memorable
15 and impactful of events? Possibly one of his officers shooting and
16 killing an unarmed woman?
- 17 ▪ Were the circumstances of Ashli's shooting mentioned in this
18 memorandum? Was her name mentioned even once in it? Do you find
19 this suspicious too?
- 20 ▪ Had you heard Ashli and her husband were part of a "throuple"
21 relationship? [https://www.dailymail.co.uk/news/article-9147335/Dead-](https://www.dailymail.co.uk/news/article-9147335/Dead-MAGA-mobster-Ashli-Babbitt-Marine-ex-husband-THROUPLE-bartender.html)
22 [MAGA-mobster-Ashli-Babbitt-Marine-ex-husband-THROUPLE-](https://www.dailymail.co.uk/news/article-9147335/Dead-MAGA-mobster-Ashli-Babbitt-Marine-ex-husband-THROUPLE-bartender.html)
23 [bartender.html](https://www.dailymail.co.uk/news/article-9147335/Dead-MAGA-mobster-Ashli-Babbitt-Marine-ex-husband-THROUPLE-bartender.html)

- 1 ▪ Do you find this article, the characters in it and the statements they
2 make interesting? Do you wonder why you might have never heard of
3 it before? When you read... can you read between the lines?
- 4 ▪ Did you know, over the course of time, Ashli Babbitt was reported to
5 have been shot in four different locations on her body? Which four
6 parts of her body?
- 7 ▪ Who said during a speech, "Boom! Shot her right in the head!"
- 8 ▪ What did the autopsy results reveal as far as cause of death and where
9 she was shot?
- 10 ▪ Was a young reporter named Taylor Hansen also in the hallway with
11 John Sullivan recording and weeping when Ashli was shot? Who is he?
- 12 ▪ Do he and Sullivan know each other? Are they from the same state?
13 Does Taylor Hansen portray himself as a hero of the conservative right
14 today?
- 15 ▪ Did Hansen manage to get hired by the Gateway Pundit and start
16 writing articles about his experience at the Capitol and Ashli Babbitt's
17 shooting shortly after J6?
- 18 ▪ Was Hansen clearly in the hallway of the Capitol as Ashli Babbitt was
19 shot? Trespassing? Disrupting a proceeding? Was he possibly
20 conspiring with a BLM/Antifa member in the same hallway... at the
21 same time... both from the same state and attending many of the same
22 George Floyd protests months earlier? Was Hansen raided? Arrested?
23 Indicted? Still pending trial? If not, why not?
- 24 ▪ At roughly the same time John Sullivan was speaking to Anderson
25 Cooper the evening of J6, was Taylor Hansen speaking to Laura

Ingraham of Fox News because he too was an eyewitness to the shooting... in that same hallway... with the same guy appearing on CNN? What are the odds?

- Was Taylor Hansen also arrested approximately 4 months prior in Portland, Oregon for participating in a George Floyd riot? But by J6 he had become a hero to conservatives? Coincidence? What are the odds? Alarm bells yet?

- Did the government “indict” and prosecute several informants and crisis actors from the J6 incident in order to maintain their cover? If so, how long has this practice gone on?

- What might be the benefits of such indictments? Might such indictments create martyrs and heroes who then go on to lead new organizations that the feds also control and monitor?
- Is the following language found in all federal plea agreements or only in Russell Taylor’s (co-defendant) plea agreement on page 6 Section 10(a)? “... *Your client acknowledges that your client’s cooperation may include, but will not necessarily be limited to: answering questions, providing sworn written statements, taking government administered polygraph examinations; and participating in covert law enforcement activities.*”
- Is there an “end date” to this? If this wording is found only in Russell Taylor’s plea agreement, was it an attempt to hide the fact that he is already an informant / crisis actor of some sort?

- 1 ▪ OR, even more concerning, is this “boilerplate” language found in ALL
- 2 federal plea bargains, making every single American pleading guilty to
- 3 federal crimes an informant for life?
- 4 ▪ Of every person across this great land of ours between the ages of 18
- 5 and 80 who’ve pled guilty to federal crimes, how many of them are out
- 6 there quietly living their lives but required to be FBI snitches for life?
- 7 Might one be your neighbor right now and you just don’t know it?
- 8 ▪ Could this network of informants further be described as a massive
- 9 disconnected “sleeper cell” just waiting to be activated to spy on their
- 10 neighbors, friends and relatives at the behest of an offended or angry
- 11 FBI agent with no probable cause and even less integrity?
- 12 ▪ Who were the STASI? Did they have similar techniques?

- 21 ▪ Can I, a man facing 20 years in prison, easily look into my FBI file and

- 24 ▪ Wouldn’t you love to see your FBI file too? Might you be shocked?

- 1 ▪ Who is Morton Irvine Smith? He is listed as “Person One” in my
- 2 indictment, but never arrested. Why wasn’t he arrested? Why wasn’t he
- 3 named?
- 4 ▪ Why did his “raid” take place 4 months after mine, and one day before
- 5 my indictment? Was it all for show in order to clean up the fact that he
- 6 and his wife are both informants?
- 7 ▪ Is being listed as “Person One” in an indictment one of the best
- 8 indicators in a J6 indictment of someone’s possible involvement as an
- 9 informant for the federal government? What say you, Darren Beattie?
- 10 ▪ Might a discovery request to obtain information on an informant look
- 11 something like this (sent to AUSA Anthony Mariano on 5/14/2023)?
- 12 ▪ *I am currently preparing my opposition to your Motion In Limine. I*
- 13 *will be commenting on cooperation with prior discovery requests. I was*
- 14 *going through my files and see that on 11/11/2021 I requested*
- 15 *information on whether or not Morton Irvine Smith is a federal*
- 16 *informant. The request was as follows:*

17 *“Defendant has reason to believe he has been the target of an FBI*

18 *Counter Intelligence Program (COINTELPRO) operation going*

19 *back to at least March 13, 2020 and leading all the way up to being*

20 *indicted in this case. Defendant has reason to believe other federal*

21 *law enforcement agencies and/or U.S. Intelligence Agencies have*

25 *been banned or severely restricted since the 1970’s after it was*

1 learned these operations resulted in massive abuse of the
2 constitutional rights of those targeted.

3 1). Defendant has reason to believe Morton Irvine Smith
4 (identified as "Person One" within the indictment) and his wife,
5 Marianne Campbell Smith are federal assets / operatives /
6 informants. Please provide complete and up-to-date informant
7 files on both. Specifically, provide the date of when they
8 officially became federal assets / operatives / informants and to
9 which federal agencies they have been assigned to since that
10 time. Please provide their entire "informant files" going back
11 to March 13, 2020. Specifically, defendant requests any and all
12 communications (phone records, text messages, emails, etc)
13 between both informants and all handlers from all federal
14 agencies involved in defendant's case as it relates to their
15 communications related to the ongoing investigation into
16 defendant.

17
18 Please provide dates, amounts, and for what reasons,
19 informants were paid by any and all federal agencies handling
20 them as it relates to defendant's case. If the federal agencies
21 being requested of this information deny it exists in their files,
22 please inquire of those agencies further as to whether or not
23 they had third party persons, organizations or "societies"
24 outside the federal government serving as an intermediary in
25

order to avoid producing discoverable materials or admitting to handling these informants.”

The Initial request was ignored. I renewed the request on December 10, 2021 for this information. I may be overlooking something but I still can't find a direct response on the issue of Morton Irvine Smith and his status as an informant. Will you be so kind as to direct me to the information if I am overlooking it or please provide an answer if it has not yet been provided. Thank you.

Alan Hostetter

- Would it surprise the court and other persons reading this opposition filing if the government's reply looked something like this? This after the third request over the course of a over a year, and simply being ignored the first two times?
- Mr. Hostetter,
You have inquired whether Mr. and Ms. Smith are confidential sources, or, as you term it, “federal informants.” As you know, the United States does not typically discuss whether a person is or is not a confidential informant. We have a privilege under law to protect such persons, and responding in a particular case that someone is not a confidential informant would imply that our failure to respond affirmatively in another case constitutes an admission that someone is an informant. Nevertheless, we are fully aware of our constitutional and discovery obligations, and we will comply with those. We have nothing more to add or supplement as to this request.

Additionally, in our April 18, 2023 letter, we offered to meet and confer regarding any discovery issues. That offer remains open. To that end, if there are any other discovery requests you have made that you believe the United States has not responded to, please let us know and we will respond as promptly as we can.

4 with Hoover? What were Hoover's notable peculiarities for his time?
- 5 ■ Once I began organizing anti-Covid lockdown protests in spring of
6 2020, was I subjected to an Organized Stalking Campaign? Did I also
7 regularly receive death threats, threats of violence and, on a few
8 occasions, was I encouraged to commit suicide?
- 9 ■ Are these known tactics when deploying PsyOps against a Targeted
10 Individual also known as a "TI"?
- 11 ■ Were my largest social media platforms on Facebook and Instagram
12 also taken down and censored simultaneously?
- 13 ■ Reminder: Who was found to be behind the censoring of accounts and
14 Tweets at Twitter? Who was Twitter's General Counsel?
- 15 ■ Are these allegations the type that get one labeled a "conspiracy
16 theorist" by the government in a best-case scenario? Imprisoned,
17 diagnosed as insane, institutionalized, and drugged in a worst-case
18 scenario?
- 19 ■ Would the government ever tell the truth about such things? How many
20 people right now, this very minute are either imprisoned, being
21 stalked/tormented or institutionalized because they simply fought back
22 against the federal cabal?
- 23 ■ Are there likely thousands of additional questions to be asked regarding
24 hundreds of additional suspicious situations taking place around the
25 Capitol on J6? Might hundreds of these questions alone be devoted to

1 the tragic death and deceitful FBI handling and media coverage of
2 Officer Brian Sicknick's death?

- 3 ■ When this sort of corruption is so obvious, must we all act zombie-like,
4 slack jawed with arms outstretched and shuffling forward into the
5 continued imprisonment of innocent Americans? Grandmas? Veterans?
6 Some of the most dedicated and patriotic among us? Oblivious to the
7 deviousness, duplicity and deceptions of federal law enforcement?
- 8 ■ Must we all just continue to plod forward destroying lives and allowing
9 the corruption to prevail? Or can something be done to stop and
10 reassess the situation and investigate what's really going on here? This
11 court? Congress? Anyone? Bueller? Hello?
- 12 ■ Was this court not, after all, the one court that sent the U.S. Marshals
13 into the D.C. Jail system to check on the conditions of J6 prisoners?
- 14 ■ Did not those U.S. Marshals return a scathing report describing
15 horrendous conditions? Was this fact not duly noted by J6 defendants
16 and much appreciated by all of us caught up in this entrapment
17 scheme?
- 18 ■ As scandal after scandal seems to break weekly now regarding the FBI,
19 it causes this layman to wonder... Can one organization become so
20 thoroughly corrupt that every single "special" agent working within it,
21 their reports and their testimony becomes Brady material simply for
22 being associated with this cesspool of a law enforcement organization?
- 23 ■ What is RICO?
- 24 ■ Might this be another way to break into 1000 pieces and scatter this
25 corrupt agency to the wind, along with their counterparts in the CIA?

1 Have they not become a cancer on this country and an embarrassment
2 to the world? See Durham Report of 5/15/23.

- 3 ■ While on the topic of the Durham Report, does it show any crimes
4 committed against the incoming Trump administration by the outgoing
5 Obama / Biden administration, as they used all the power of the FBI
6 and CIA to commit these crimes?
- 7 ■ What is 18 USC 2381?
- 8 ■ What is the penalty for 18 USC 2381?
- 9 ■ In many of the government's legal documents related to my case, do
10 they breathlessly quote from my speeches and social media posts
11 (along with their mouthpieces of the MSM) in which I called for the
12 death penalty for those engaged in treasonous actions leading to the
13 stolen and fraudulent election of 2020?
- 14 ■ Do the comments they quoted from my speeches and social media posts
15 seem more prescient now knowing the treasonous actions began well
16 before 2020 and include our now sitting, fraudulently installed
17 President?
- 18 ■ In closing this segment of the motion, I request humbly and
19 respectfully that I not be labeled a "conspiracy theorist" or engaging in
20 "fevered speculations" by opposing counsel. I've been subjected to
21 such insults since I rose up against the Covid narrative three years ago.
- 22 ■ Also ironically, nearly all of the people hurling these insults were
23 taking paper masks out of a box several times a day and dutifully
24 strapping them across their faces to protect themselves from the Covid
25

1 Boogeyman. On the sides of every box were words to this effect:

2 “These masks are ineffective in preventing the transmission of viruses.”

- 3 ■ As readers can tell, I am a big fan of Socrates and subscribe to his
4 wisdom. I am not making any direct claims in this document as, like
5 Socrates, the only thing I know is that I know nothing at all. It is in this
6 spirit that I simply offer these questions and move on to, as I promised
7 in the beginning - with the end in mind... where do WE go from here?

8
9 If I were to tell the court and other readers of this document that I have learned to be
10 grateful for the pain this experience has caused me and that I have mellowed considerably
11 since shaking my fist and railing about the death penalty and traitors during my speeches,
12 most would find that to be a very disingenuous statement, I’m sure. You’re about to
13 experience quite a shift in this document from the pugnacious interrogator above to a man
14 who simply wants to share a message of love and forgiveness throughout the remainder of the
15 document. For now, I need to defend myself aggressively. Yet, each of us has this same
16 duality within. Sinner and saint / Warriors and Peacemakers... blessed are both.

17 You might ask yourself who would ever be grateful for being indicted by one of the
18 most powerful and corrupt forces that has ever existed in this world – The United States
19 Federal Government. If you ever need something to wake you up and shake you up, just stare
20 for a minute or two at a document entitled “The United States of America v. (Insert your
21 name here, followed by 4 names you’ve never heard of until they became wrapped up in some
22 grand conspiracy and subsequent indictment with you). One can only imagine the shock. My
23 indictment was the least of my pain... pain that I am now grateful for because it has taught me
24 so much.

1 I hesitate to go further because I am about to speak on very personal matters of the
2 Spirit and matters of the Soul; I want also to speak about our very ill collective conscience
3 and collective soul as a nation. Yes, we are all connected. Over the past three years, our
4 country, our very lives have devolved into a state of madness. The speed of this descent into
5 madness was and is breathtaking to behold. It continues to this day at a faster and faster pace.

6 I think it safe to say most people in this nation, whether left or right, are experiencing
7 their own personal sense of darkness and foreboding to varying degrees for a variety of
8 different reasons. Natural disasters, mass shootings, southern border being overrun, drag
9 queens grinding in front of children, while other children carry around a tip jar for the
10 grinding drag queen. More drag queens now used as recruiting tools for the military as our
11 leaders and formerly trusted institutions brazenly commit crime after crime with no
12 accountability. All of this occurring as educated people in this country obsess over pronouns
13 and whether or not a man can get pregnant. Things just aren't right and, due to the ups and
14 downs of the roller coaster ride along with the speed of descent, we can't quite put our finger
15 on the cause or where it all leads.

16 The reason I am hesitant to proceed regarding my thoughts on spiritual matters in this
17 document is because the government spent a page and a half in their motion requesting the
18 court prohibit me from even making a positive reference about my own character during my
19 upcoming trial. They specifically mentioned "religion" as something on the naughty list we
20 defendants are not supposed to speak of in trial.

21 I am not "religious" and not a big fan of organized religion if that makes the court and
22 the government breathe a little easier about what I am about to write here. The earliest
23 Christians did not even call themselves "Christians." If someone would've asked an early
24 Christian which God they worshiped, the early Christian would have replied with something
25 along the lines of, "I am a practitioner of *The Way* as taught by Yeshua Hamaschiac" (Jesus

1 the *Messiah* / or *Anointed One*). I rather like that description. In John 14:6 Jesus himself
2 stated, “I AM *The Way*, The Truth... and The Life.” I take note of the fact that *The Way* is
3 mentioned first in his statement. The Tao Te Ching translated means: *The Book on The Way*
4 *and Virtue*; Confucius taught *The Way*; *Magga* with two g’s in Sanskrit is *The Middle Way* as
5 The Buddha taught it; Trigger alert – MAGA with one g is the Hebrew word for “touching” or
6 “contact.” See the Israeli martial art of Krav Maga or “combat through contact”. Notice how
7 so much is connected? Today, in the United States there are over 200 variations of *The Way*
8 as Jesus taught it. Several thousand variations around the world. All believe their *Way* is the
9 right *Way*. Do you think Jesus is happy with this? But I digress...

10 It wasn’t the dark days of Covid and my early protests against the lock-downs or the
11 obviously stolen election of 11/3/2020 that plunged me into darkness; it wasn’t being raided
12 by the FBI on 1/27/2021 or even being indicted in a California federal court on 6/10/2021 and
13 again in Washington D.C. on 6/14/2021. Yes, dark clouds were gathering, but these events all
14 pale in comparison.

15 The darkest day of my entire life occurred during the morning hours of 8/26/2021.
16 What happened to me that morning was so bizarre and so horrific I can’t yet even explain it
17 publicly because almost no one would believe me. Only my closest family members know
18 what happened that fateful morning. Maybe one day I’ll write a book about it... if the truth
19 ever prevails. It’s quite a long story indeed.

20 That morning I watched my entire life go up in flames all around me. I was left
21 standing there, alone in a smoldering heap of embers and ashes. Everything I had ever
22 believed in or trusted was destroyed within a few brief moments. In those same moments I felt
23 the dark presence of evil all around me. I could almost see satan smirking at me thinking he
24 just finally might have inflicted enough pain so that I would either take my own life or simply
25

1 give up and quit fighting back against this evil that is my indictment, and by extension the
2 entire federal government.

3 This was my “Dark Night of the Soul.” The darkness was so inky black that it really
4 can’t be described properly. Many, if not most of you reading this have likely felt something
5 very similar in your own lives at times. As I was standing there in a state of shock, sensing
6 dark forces all around me, barely able to move, I suddenly also, just as quickly and
7 unmistakably, sensed light entering the darkness through the gaping wound in my heart and
8 soul (Rumi) and I felt the unmistakable presence of Jesus Christ standing directly in front of
9 me looking sadly, empathetically and yes, knowingly into my eyes, seeing right into my soul.

10 This former atheist-with-an-attitude could almost hear his audible voice saying “Do
11 you see now, Alan? Do you understand what this is all about? This is not about politics,
12 religion, race or anything else that was set up in a way to divide you from others in this world.
13 This truly is a spiritual war being waged violently within your soul and every other soul on
14 this planet.... it is a war of good vs. evil. Many are still completely blind to it.”

15 He then said, “I’m going to place you in a very painful state of isolation for a long
16 while. You need to focus. You are strong willed... what we used to call ‘stiff-necked’ and I
17 needed to break you before I teach you. I’m sorry it had to be this way. I understand the pain
18 you are feeling. Now, walk with me a while. I want to show you and teach you day by day
19 some important lessons about how to live your life and where to find me... always. I will
20 guide you through this pain. You will get to the other side. You will be a better man because
21 of it.”

22 I was a functioning alcoholic at this time. Drunk nearly every night. Over a 40-year
23 period, the drinking progressed from a few beers a week, to a half a bottle of red wine a night,
24 to a full bottle of red wine per night, often mixed with ambien and Xanax. Eventually it led to
25

1 a whole lot of whiskey every. single. night. My guess is that many Americans can relate to
2 this progression and, like me back then, deny it's actually a problem.

3 Although I had that profound experience with Christ earlier that morning on 8/26, by
4 that evening I was at it again drinking even more heavily than usual to kill the pain. As I
5 drank that final bottle of whiskey, I had a Gideon Bible in my lap, just sitting there, with the
6 cover of the Bible was closed. I did not own a Bible at that time and had never read one all the
7 way through. It was in the drawer of the hotel room I was staying in that night. I just drank
8 with tears in my eyes and my hand on that Bible, still in a state of shock.

9 In hindsight, I feel that He was there with me and watching me, knowing that this last
10 night of drinking needed to happen for reasons that follow... so I would see more clearly how
11 God speaks to us constantly when we listen.

12 As nearly every night, I passed out from the drinking and don't even recall falling
13 asleep. I woke up extremely hung over, as I did often, and had this feeling deep inside that I
14 would need to drastically cut back on my alcohol intake or I might accidentally drink myself
15 to death trying to kill the pain.

16 I decided to take a walk on the beach to clear my head. I was talking to my sister at the
17 time on the phone when a young woman with apparent mental health issues was walking right
18 towards me ranting and raving. I was the only one in the area and she was headed straight for
19 me. This was at the peak of the Organized Community Stalking campaign directed at me so I
20 just assumed it was one more person being sent to harass me. As she passed by me no more
21 than a few feet away yelling at me, all I could think of to say to her was "God loves you." She
22 had just passed by me when I made that comment to her. She immediately spun around and
23 glared at me. She yelled at me at the top of her lungs, "GOD?! GOD is spelled G.O.D...
24 which stands for GET OUT DRUNK!" She pointed in an easterly direction as the direction I
25 should head out of town and she walked away.

1 As you can imagine I was standing there speechless at how much her comment was so
2 on target and how much it stung. My sister was on the phone questioning what the commotion
3 was about and I explained it to her. I have not had another drop of alcohol since that moment
4 approaching two years ago now. I realized then that I had tapped into something powerful as
5 far as understanding the way God communicates with us. It's not always pleasant or soothing
6 but when your soul is so raw and wide open to listening for His voice, it is amazing how and
7 where we hear Him. I listen constantly for it now... and He is always speaking... constantly
8 to each of us. All we have to do is tune in.

9 As Christ continued walking with me in those early days of our relationship, he said,
10 "I want to have you reflect on your own life and contemplate your personal behavior and how
11 at times, your behavior has harmed other people in this world, some of whom you claimed to
12 love."

13 "Just as importantly", he continued, "I want to show you how each time you did this
14 you damaged severely a little chunk of your own soul without even knowing it. But don't
15 worry, I've already forgiven you and your damaged soul will be repaired once I teach you
16 how to forgive yourself."

17 I agreed to follow Him, to listen closely and learn the lessons he was trying to teach
18 me. I promised to share those lessons once I learned them. I then felt those smirking dark
19 forces that had surrounded me earlier collapse in defeat.

20 And so, we walked and walked, still walking with Him every day. He taught, and still
21 teaches me every day. I listen. I learn. Every single morning now I read from the Bible and
22 other spiritual texts. I pray. I meditate. This process takes at least two hours every morning. It
23 is, without a doubt, the best part of my day. Sometimes tears well up and flow during these
24 prayers; the tears flowing from both joy and sorrow. As time progressed, I understood for the
25 first time in my life what the words "repentance" and "forgiveness" actually mean.

1 I hope one day to be able to share all that He has taught me thus far. It has been
2 amazing, this journey I am on. I'm no "holy man." I'm no prophet. I'm just a random guy in
3 the middle of an amazing and challenging experience that led me finally, to find and come
4 home to God.

5 As an example of how He taught and teaches me, in the beginning while I was still in
6 my state of fear, shock and horror He guided me through a very fundamentalist understanding
7 of "Christianity." It had to be that way. Eventually he expanded my horizons and he taught
8 me how beautifully the *Book of Job* in the Bible ties in so perfectly with the *Four Noble*
9 *Truths* of The Buddha, almost as if they were intended to complement each other in some
10 way. He reminded me that it was actually Yoga (Hinduism), meditation (Buddhism) and
11 sound healing (applies to both) that first led me out of the atheism of Hitchens and Dawkins to
12 that vague New Age spirituality in which He started speaking to me so clearly but, back then I
13 simply wrote these communications off as having "epiphanies."

14 Over time, He explained how both of these masterpieces of *Job* and the *Four Noble*
15 *Truths* would guide me through this Dark Night of the Soul, this painful period of suffering.
16 He would teach me how to understand suffering, the randomness of it, the importance and the
17 inevitability of it. Most importantly, He taught me how suffering can be transmuted straight
18 into incredible strength, perseverance, wisdom and, with endurance, to the most joyous life
19 one can possibly imagine once that suffering is understood in its fullness and able to be
20 endured.

21 Whether I share my experience and this new knowledge He gave me from a federal
22 prison cell corruptly convicted of crimes I did not commit or share it as a fully vindicated free
23 man is unimportant to me. He only asks that as He has given this wisdom to me, I share it
24 with as many people in this world as I possibly can and help them find the same strength and
25

1 peace within themselves that He has helped me to find, which is exactly where we find Him -
2 within.

3 I am in His debt. He stood right beside me through even my most arrogant days of
4 atheism. He was there to catch me as I was about to fall into the fiery abyss on 8/26/2021. I
5 didn't deserve His mercy. I used to secretly laugh at people who believed in Him... until I
6 understood who He is and where we find Him. I intend to honor my promise to Him and
7 spend the rest of my life trying to help other people in some way also find Him, and through
8 Him... peace. Which brings me to the point of *offering forgiveness* and of *being forgiven*.

9 Russell Taylor, I forgive you. There is a brief, yet clearly perjured statement in your
10 plea agreement that led to the government adding two additional felony charges against me,
11 now over two years after J6 occurred. It's all related to the axe that yes, YOU gifted me only a
12 few weeks before we headed to Washington D.C.

13 That axe had been stolen out of my truck in San Clemente only a few days after you
14 gave it to me and I didn't have it at the Capitol. You might recall you asked me about it the
15 night of J6 or morning of J7 (can't recall which two years later) and I told you about the theft
16 for the first time. I was so touched by such a thoughtful gift I didn't have the heart to tell you
17 how I so carelessly forgot to lock my truck and it was stolen. I didn't report it to the police
18 because I was embarrassed, as a former cop, to be wasting their time reporting that I had left
19 my doors unlocked. You, so generously, gave me one of your two axes right then and there or
20 shortly thereafter while still in D.C. when I told you this.

21 Again, from the best of my recollection, as you gave it to me you told me to "keep it
22 as a souvenir" in remembrance of J6. I was so touched... but what did that serve to do with
23 you acting as an FBI informant of some sort? It would ensure I would have in my possession
24 an axe identical to the one in the now infamous photograph of you, me and Morton Irvine
25

1 Smith in front of the restaurant where you gave me this “gift” a few days before President
2 Trump’s Tweet of 12/19/2021.

3 To the best of my recollection, I would have this axe you gave me as a souvenir from
4 the time I left Washington D.C. on 1/8/2021 until the replacement axe, which I ordered
5 immediately after the theft, arrived at my house. It was my intention to never even tell you the
6 axe you gave me was stolen because I felt so bad about it.

7 There is much more to this story of this axe, including some documentary evidence to
8 support my claims. I will save it for trial. I also believe it very likely you may have been
9 wearing a wire that was being monitored as we discussed the theft of the axe you gave me.
10 And that the government is fully aware of such a recording and that I did not have an axe at
11 the Capitol that day.

12 When a private citizen pays someone to perjure themselves in testimony or a written
13 document, it is called “Subornation of Perjury.” There is a U.S. Code on point. When the
14 government does this, it is called a “Plea Agreement” and just another day at the office.

15 One final question Russ. On the final page of the *Statement of Offense* related to your
16 plea agreement, it states you texted the following to some people you were communicating
17 with the night of J6 after we had returned to the hotel: “...When asked by one of the
18 individuals with whom he was texting what happens next, the defendant responded,
19 ‘Insurrection!’” Wow! That’s quite a coincidence because that is exactly what the feds and
20 fake news were calling it that night. The words Fedsurrection and Fakesurrection hadn’t quite
21 filtered into the blood stream of popular culture yet. It was soon to come thanks to the great
22 reporting of people like Julie Kelley and Darren Beattie.

23 My question to you Russ is this: These other people you were texting as you were
24 announcing the upcoming “Insurrection” you were about to lead... were they also federal
25 informants or agents and you were knowingly communicating into a federal echo chamber

1 soon to be used as “evidence” and designed to contribute to the fakery of J6? Or were you
2 possibly speaking directly to yourself under different accounts with different names as I
3 alleged in my Motion to Dismiss on pages 71 and 72. Link provided below. See under
4 heading: Russell Taylor “Smokes” himself out...” for details:

6 [dismiss](https://www.documentcloud.org/documents/21138933-211206-hostetter-motion-to-dismiss)

7 Having said all of this, Russ, you have a wonderful family and beautiful small
8 children. I don’t want to see you taken from them and imprisoned. But then if you are, in fact,
9 a government informant, your indictment is not even real to begin with. This corrupt
10 government can’t be trusted to tell the truth about it either way. Regardless, I truly do forgive
11 you and just want the corruption to be exposed and for all of this to be over with.

12 Morton Irvine Smith, I have no idea with your family’s wealth and history how you
13 possibly ended up working for the federal government in this capacity. I’m sure it’s quite a
14 story. I forgive you and your wife both. Let the chips fall where they may. It’s out of our
15 hands. The government does not realize this yet, but it’s out of their hands too. And like Pilate
16 washing his hands of the blood of Christ, the people responsible for J6 have blood on their
17 hands too. Innocent people were killed in this *American Reichstag Fire* and others have
18 committed suicide over these evil prosecutions. I offer this defense in honor of them and
19 others still suffering in the “D.C. Gulag.”

20 With the recent release of the Durham Report, even stalwart liberals such as Jake
21 Tapper of CNN are now making comments such as the report is “devastating for the FBI” and
22 “Exonerates Trump... to a degree.” I am pleased to finally see the truth coming out about this
23 and expect this truth will get much worse for the left and the FBI in particular. Conservatives
24 have been talking about these truths with each other for years now and wondering when the
25

1 so-called *Durham Report* would ever be completed. Many of us wondered if the man
2 identified as “John Durham” even existed.

3 Having said that, this new and improved Alan Hostetter, the man who has had his old
4 heart of stone replaced with a heart of flesh encourages his brothers and sisters in the
5 conservative movement to be forgiving. Try not to gloat or become overwhelmed with the
6 knee jerk and satisfying reaction to shout, “I told you so!” from the mountain top as more and
7 more truths are revealed.

8 Many more people in this country from all walks of life and political persuasions,
9 previously mesmerized and brainwashed by the MSM, will eventually come to realize all of
10 us have been manipulated and played by very dark forces that rule this world. These forces
11 have manipulated all of us into constantly fighting with each other over anything and
12 everything. They do this so they can hide in the shadows while enslaving us with our
13 unwitting consent. Red/Blue-Dem/Repub-Black/White-Gay/Straight Proud Boys/BLM-
14 Antifa... Left wing and right wing... two wings of the same bird, intentionally pitted against
15 each other, most of it Kabuki Theatre in the realm of Bread and Circuses. Forgiveness of one
16 another in the very near future is going to be crucial.

17 Several years ago, a group of people were involved in a global research project on
18 *Futures, Forecasting and Analysis*, likely involving quantum computers and Artificial
19 Intelligence. The organizers of this project, which began in 2017 mysteriously referred to
20 “Red October” and “Hunt for Red October” a few times occasionally attaching a photo of the
21 movie poster showing Sean Connery, the star of that movie. In October of 2021, the co-star of
22 that movie, Alec Baldwin, shot and killed a woman in one of the most bizarre and highly
23 publicized shooting deaths ever... that sad day when Ms. Hutchins’ blood ran Red... on that
24 Rusty movie set in October. As is typically the case with the “elite,” the criminal charges
25 against Baldwin have been dropped since then. Ironically, this is the same man who famously

1 and mercilessly mocked President Trump week after week on his SNL skits. God speaks to us
2 in so many ways and karma is real.

3 The theory that a tipping point can be reached in collective consciousness is known as
4 the “100th Monkey Principle.” Simply put, when enough souls awaken to a new reality, that
5 new reality and this new knowledge sweeps across the entire species like wildfire very
6 suddenly and inexplicably jumping across islands and continents as it occurs. We are getting
7 closer to that moment.

8 In late January 2022, only three months after Red October on the set of Rust, a truck
9 crashed in Pennsylvania in which 100 monkeys being transported to a laboratory escaped and
10 ran off into the surrounding woods. They were eventually all recaptured. God speaks to us
11 constantly. And He has a sense of humor.

12 So, my conservative friends out there... the next time you see your liberal relative, or
13 your liberal friend or neighbor, do not smugly ask them if they heard the news of the Durham
14 Report. Empathy is critical. Forgiveness is crucial. Just imagine if the shoe were on the other
15 foot. Never forget, you have been played too. You likely, just like me, once believed George
16 H.W. Bush (both former President and just as importantly, former Director of the CIA) and
17 his son were good Presidents, didn't you? You likely viewed the entire Bush family as an
18 example of a good, All-American family. Did you, for a period of time just as I did, believe
19 the war in Iraq was righteous and that 9/11 was actually carried out by Islamic extremists.
20 Well, did you? Do you see now? God gave us some good advice long ago in Psalm 46:10. It
21 was simply, “Be still and know...” And now we wait... ready to offer an olive branch when
22 that time comes.

23 Be still and wait, my friends. If and when your liberal friend or neighbor approaches
24 you and extends a hand to be forgiven, you make sure to take that hand, give him or her a hug
25 and weep together. Weep for joy that you both now understand that we have ALL been played

1 by very dark forces and that that lovable little dog Toto is now in camera view and running
2 straight for that curtain.

3 To the people who called me anonymously, whether federal agents/informants
4 working a PsyOp or a genuinely angry fellow American, and left messages threatening to kill
5 me and my family and letting me know you hope I get raped in prison... I forgive you. I
6 genuinely forgive you. We have all been intentionally sickened and poisoned spiritually and
7 psychologically to engage in this type of behavior. You took the bait. There have been times
8 in my life when I took the bait.

9 To those in federal and even local law enforcement who may have been involved in
10 framing me for crimes I did not commit, I forgive you. I will not allow a part of my now
11 much purer and happier soul to be eaten away any longer by my own anger, hatred and desire
12 for revenge. You do not have that power over me.

13 God has placed angels on this earth to deal with the issues of crime, punishment and
14 accountability. I retired many years ago as one of these "peacekeepers" as Christ called us
15 when he blessed us long ago. I do believe that there are likely still many, many good guys and
16 gals wearing badges and uniforms within the federal government, especially the military. I
17 believe these people are quite aware of how deep this corruption goes and are taking steps to
18 correct it, most of these steps are currently not yet visible, just as the Durham Report was not
19 visible until 5/15. The Durham Report is only the beginning.

20 In closing, I have been asked many times, "Do you regret organizing anti Covid lock-
21 down protests since that might be what triggered the FBI to start spying on you and
22 manipulating events around you?" "Do you regret going to the Capitol on January 6th?" I
23 absolutely do not regret trying to fight back against the tyranny of a single "health officer"
24 stripping away our Constitutional rights and deciding who was essential vs. non-essential. I do
25 not regret going to Washington D.C. to protest such an obviously fraudulent election and the

1 literal overthrow of an elected government through these crimes that were committed against
2 all of us.

3 But my one regret related to the past three years is this: Very quickly into my activism
4 I became angry and led from this place of anger. It diminished me and what I was trying to
5 accomplish. Rather than looking to the example of Christ in the human form of God or people
6 like Martin Luther King, Jr. and Mahatma Ghandi as more flawed and human examples of
7 leading with love for those following them rather than anger towards those oppressing them.
8 Instead, I reverted to my past warrior training in the military and law enforcement and put my
9 war face on. I believe, in hindsight I would have been much more effective had I remained
10 more in tune to the mindset I had that Easter Sunday, April 12, 2020 when I led that first
11 protest in San Clemente, CA.

12 I was not a Christian at the time. By this time however, I had left atheism years before
13 and, through Yoga, meditation and sound healing had become “spiritual” and vaguely aware
14 of the stirrings of my own soul and the concept of a limitless spirit world far beyond my
15 comprehension or understanding. At this time, I had little patience for people who spoke and
16 wrote like I am writing in this document, constantly referring to God, Christ and other
17 spiritual concepts. I did not make any effort to try to time my first protest for Easter Sunday.
18 It just sort of happened that way about a month after the lockdowns went into effect.

19 Yet, even then God was speaking to me and through me, just as He does with all of us.
20 Before I walked out of my condo to speak to the small number of protesters who would join
21 me that day (about 50) in the San Clemente pier parking lot I made a short video to post to
22 Instagram to explain what we were about to do. In that video I decided to use the example of
23 “one man rising” on this date in history (Easter) to compare it to our struggle to rise above the
24 evil that I saw behind the forces that were about to place us all under house arrest and
25

1 bankrupt many of us. I wasn't a Christian then and was uncomfortable even saying the name
2 "Jesus Christ" in my video so "one man rising" would have to suffice.

3 After I walked out to greet and speak to the small crowd, I discussed what we were
4 about to do in this protest. I described it as reaching out to those who were currently living in
5 fear and darkness due to all the propaganda and brainwashing from the media. I explained that
6 we should consider what we were doing as an act of love and of leading people from the
7 darkness of fear and into the light of truth (or words to that effect). I remember a woman
8 yelling out from the crowd, "I really like that message, Alan!"

9 The hatred and anger that was launched at me after I went through with this first
10 protest was so intense, so personal and some of the comments so evil I was taken aback... a
11 bit shellshocked. Anonymous people identifying themselves as nurses were plotting and
12 relishing the prospect of my becoming sick with Covid so they could treat me and cause
13 further harm to me. Much of the hate was coming from people in the yoga community I had
14 been working and teaching in for a few years by that time. This is a community in which
15 those teaching often discuss concepts of "peace, love and light" with those they teach.

16 As a result of all of this hatred being directed at me, I let it get to me and I went into
17 an angry warrior mode almost immediately in response to these attacks and vowed never to
18 quit this fight. But, as a good example to others regarding *forgiveness*, I want those people
19 especially in the yoga community I used to work in to know with absolute certainty that I
20 forgive them completely. And I hope they forgive me for the angry way I fought this battle if
21 that anger offended you. Like I've already stated, both sides of these debates have been
22 scripted long ago to divide us. I believe this will become much clearer soon.

23 For my conservative friends pointing their finger at me and getting red in the face for
24 using MLK as an example of effective leadership coming from a place of love... I know, I
25 know (he says with a sigh). I've heard and read the same information as you that claims he

1 was a communist and a womanizer and blah, blah, blah. I default to Socrates on this... and
2 you should too. I wasn't there. I don't know him personally. I don't have any idea what was in
3 his heart and soul back then. Neither do you. His speeches and preaching of non-violence
4 appear to have come from a place of love and were very effective, primarily for that reason.

5 I don't trust history books, the media, or social media. I certainly don't trust anything
6 coming out of my government or virtually anything else out there that has propagandized me
7 into certain past beliefs. I believe that one of the things God has been doing through these
8 turbulent times we live in is simply whiplashing us into an open mind, causing us to question
9 ALL of our past assumptions about what and who we used to think were good and evil.
10 Please, my friends keep your minds wide open. If you follow this advice, the future will be
11 much less painful for you as more and more information about the evils of this world are
12 released.

13 Returning full circle to how this all started, and with a wink and a nod to the FBI (see
14 page 69 of prior Motion to Dismiss. [https://www.documentcloud.org/documents/21138933-
15 211206-hostetter-motion-to-dismiss](https://www.documentcloud.org/documents/21138933-211206-hostetter-motion-to-dismiss))

16 “Maybe it's time for a second American Revolution, **[only this time a peaceful**
17 **one]**.” Our brilliant founding fathers gave us Article V of the U.S Constitution, which allows
18 for a Convention of States. It gives us the ability to learn from all of the past mistakes that led
19 us down this path of corruption that has destroyed our nation and begin anew.

20 I encourage every American to view this possibility through a prism of forgiveness
21 and love... an understanding that we have ALL been played by evil and mostly unseen forces.
22 It's not too late to create a new America that comes from a place of honesty, love, compassion
23 and forgiveness... and from a place of love primarily focused on protecting and nurturing our
24 children, those next generations we pass the torch to. May we never forget this time in history
25 and may God's will be done.
