Case No. 21-CR-175 (TJK)

GOVERNMENT’S NOTICE REGARDING DISCOVERY CORRESPONDENCE

The United States of America, by and through undersigned counsel, respectfully submits this notice of recent correspondence to defense counsel regarding discovery productions. Filed as attachments to this notice are three letters. The first reflects the production of certain media files capturing events on January 6, 2021, that were obtained by the government during its investigation. The second and third reflect “cross-discovery” from other cases—that is, discovery that is related to defendants not charged in this case but that is nonetheless relevant here. The attachments include the following:

Attachment	Date	Recipients and Content
1	9/21/2021	Counsel for All Defendants (hard drive with electronic media)
2	10/15/2021	Counsel for All Defendants (cross-discovery from <i>U.S. v. Jackman et al.</i> , 21-cr-378)
3	10/20/2021	Counsel for All Defendants (cross discovery from <i>U.S. v. Pezzola et al.</i> , 21-cr-52)

In addition to the above productions, the government has provided several detailed letters to all counsel regarding the government’s efforts to provide discovery across all Capitol Riot cases, including descriptions of the materials that have been made available. That correspondence, which is not attached, includes the following:

Date	Materials Made Available
9/28/2021	U.S. Capitol Police (“USCP”) Closed Circuit Video (CCV) USCP Office of Professional Responsibility (OPR) Records Metropolitan Police Department (MPD) Internal Investigation Records

Re: *United States v. Ethan Nordean et al.*, Cr. No.: 21-cr-175 (TJK)

Dear Counsel:

I write to memorialize another production related to the above-captioned case as part of the government's efforts to produce preliminary discovery on an ongoing basis.

This production includes materials that were recently produced to defendants in *United States v. Arthur Jackman et al.*, 1:21-cr-378 (TJK), a case pending before Judge Kelly. The defendants in that case are Arthur Jackman, Paul Rae, Edward George, Jr., Kevin Tuck, and Nathaniel Tuck.

On September 17, 2021, the government made a "joint production" to the defendants in the *Jackman* case via USAfx. The items produced were listed on an index that included protective order designations. On September 23, 2021, the government provided an updated index and filed a notice in the *Jackman* case of its correspondence with counsel, including the indices. With this

letter, we are providing a copy of that notice, including the letters and indices. The document is also available on the public docket in the *Jackman* case at ECF 59.

To ensure you have access to the materials produced in the September 17, 2021, joint production in the *Jackman* case, we have added you to the USAfx folder containing those materials. The folder is entitled *September 17, 2021 Joint Production*. Please refer to the September 23, 2021 index for a list of the contents of the folder. You will notice that certain of the materials—for example, the CAPVID files—have previously been provided to you in this case. We are providing the comprehensive production in the *Jackman* case, however, to ensure you have full access to the materials.

The protective order designations that apply to this production are the same as those listed on the September 23, 2021 index in the *Jackman* case. For example, materials designated Highly Sensitive in the production in the *Jackman* case are designated Highly Sensitive in this case, and those materials should be treated accordingly pursuant to the protective orders in this case.

Please keep in mind that all of the items placed in the USAfx case-folder will be deleted automatically – some in as few as 60 days. Please let me know immediately if you have been unable to access and download the materials for your use in this case.

Sincerely yours,

CHANNING D. PHILLIPS

**Re: *United States v. Arthur Jackman et al.*, No. 21-CR-378
*Joint Production Discovery***

Dear Counsel:

This afternoon we uploaded to USAfx the items identified in the attached Cross Production Index. These items have been placed in a folder entitled *September 17, 2021 Joint Production*. Please let us know if you do not receive an invitation to access the folder.

Please note, these materials are subject to the terms of the Protective Order issued in this case and include materials that have been preliminarily designated as Sensitive and Highly Sensitive. That said, the government reserves the right to modify these designations to the extent an item's sensitivity was not properly categorized in this preliminary discovery. Please let us know if there are any items for which you would like a designation to be reviewed or reconsidered.

Please also note that your clients may not access any Sensitive or Highly Sensitive materials unless they have executed a protective order acknowledgement form which has been filed with the Court.

Sincerely,

s/ Christopher K. Veatch

Re: *United States v. Ethan Nordean et al.*, Cr. No.: 21-cr-175 (TJK)

Dear Counsel:

I write to memorialize another production related to the above-captioned case as part of the government's efforts to produce preliminary discovery on an ongoing basis.

This production includes materials from that were produced in cross-discovery in *United States v. Dominic Pezzola et al.*, 1:21-cr-52 (TJK), a case pending before Judge Kelly. The materials, which are being made available to you on USAfx, are from Dominic Pezzola's FBI file, and they are listed on the index accompanying the materials. As with other cross-discovery productions, the materials are designative Sensitive pursuant to the protective orders in this case. The materials are combined in a folder titled "2021.10.21 Cross-Discovery from Pezzola." The file names in the index are those that appear in FBI systems. In some instances, the actual names of the files produced are slightly altered to indicate documents that are redacted or to shorten the names based on space limitations.
