**REPORT ON VIDEO EVIDENCE SUPPORTING  
THE GOVERNMENT’S SENTENCING MEMORANDA**

Pursuant to the Court’s Minute Order of July 5, 2022, the United States hereby files this report on the video evidence supporting the government’s sentencing memoranda. ECF Nos. 60 and 61. The government’s sentencing memoranda rely on one only video not submitted with its previous report, ECF No. 42. That video, Exhibit 14, is another recording from Mattice’s video camera, in which he talks about suffering from the effects of pepper spray. The government has no objection to making this video public without further restriction. Beyond Exhibit 14, there are no additional videos that have not previously been made public.<sup>1</sup>

The government incorporates by reference its prior explanation of the chart below, ECF No. 42 at 1-2, with the added caveat that the final column now indicates which portions of the sentencing memoranda are supported by the videos. As the sentencing memoranda do not contain numbered paragraphs, this final column uses page citations instead.

---

<sup>1</sup> Additionally, in both of its sentencing memoranda, the government cites to comments made by Mault, and recorded in Exhibit 4, which were not highlighted in the previous report. Exhibit 4 was produced as recorded by Mattice’s camera, so these comments were in the exhibit that was previously provided to the Court. For the same reason, the comments also already were made public.
