Flynn detail on Tuesday

Are we primary detail or back up ?

Trying to get some guys up early to assist

Don Siekerman to DC OP: Jan 6 21

12/31/2020 9:25:08 AM

We will likely be assisting, most of these folks have a small detail in place, but need assistance moving through the crowd or ahead of the vehicles. Personally I am not sure on who we will be assisting with, but told Flynn may be one.... but he is not on the speaker list that I can find. However that happened the last time also.

Don Siekerman to DC OP: Jan 6 21

12/31/2020 9:31:52 AM

Also, realize that NOTHING is set with these folks. I was on the Flynn detail the last time and things changed on the fly ALL day!!
Many reasons, crowds, street closed, different venues, etc. (cont'd)

Don Siekerman to DC OP: Jan 6 21

12/31/2020 9:31:52 AM

So we could be assigned to one person and due to circumstances, that could change at any point! As all you military/LEO folks know, the best detailed plan survives only until the first contact! 🇺🇸

Don Siekerman to DC OP: Jan 6 21

12/31/2020 2:28:48 PM

Also one reminder. Bring your FRS radios along, while they have limited range in the city, there is a need for an alternative communications due to issues with cell phones during these huge gathering and everyone attempting to stream/send pictures!! At one point during the last time in DC it took almost 2 hours for a text of mine to be sent!

Stewart Rhodes to DC OP: Jan 6 21

12/31/2020 3:22:53 PM

Actually, last time we paired up with 1st Amend Praetorian Guard to do PSD for Flynn. Don, Whip, Josh, and I (and several other OKs) were all part of that. Like Don said, very fluid and hectic.

We also did PSD for a couple other speakers/VIPs at the first DC event. (cont'd)

Stewart Rhodes to DC OP: Jan 6 21

12/31/2020 3:22:53 PM

This time around we have request for PSD from Ali Alexander (he's had death threats and is asking for a two-man dedicated OK PSD detail); from Bianca (Latinos for Trump) and Marsha (who have their own permitted event on the mall) and also from a patriot billionaire who is friends with Mrs Bollinger (another speaker). (cont'd)

Stewart Rhodes to DC OP: Jan 6 21

12/31/2020 3:22:53 PM

We also have requests to provide security for the Jan 5 event by VA Women for Trump (Flynn scheduled to appear there) and on Jan 6 for Marsha and Bianca's event and to also help with Jericho March events. (cont'd)

Stewart Rhodes to DC OP: Jan 6 21

12/31/2020 3:22:53 PM

Much like last time- we will end up helping at all events. Some will have official paid security and we will be out in crowd acting as additional eyes and ears. Others, like Marsha and Bianca, are looking to us as their primary security. So we will give Latinos for Trump priority.

Stewart Rhodes to DC OP: Jan 6 21

12/31/2020 3:25:32 PM

Bottom line, is those of you wanting to do PSD details will get plenty of opportunity.

We may also end up assisting the PSD for Alex Jones again. Which was a great feather in our cap. (cont'd)

Stewart Rhodes to DC OP: Jan 6 21

12/31/2020 3:25:32 PM

We worked superbly well with both Alex Jones security team (who are awesome guys) and with Praetorian Guard (also awesome veterans - led by SF and SEAL veterans). They LOVE working with us because of our legit “quiet professional” demeanor and skillsets.

Stewart Rhodes to DC OP: Jan 6 21

12/31/2020 3:37:26 PM

It's INCREDIBLY important for us to be front and center, again, and very visible to the patriots AND to the domestic enemies. Heck, also to our foreign enemies, who will surely be watching as well.

I'm sure we will work out details on location. I am bringing paper maps for teams to mark locations for key areas

Nick Grenier to DC OP: Jan 6 21

1/3/2021 12:36:38 PM

From an email I received from someone traveling up:
"the March to Save America rally's main venue is on the
50-acre Ellipse just south of the White House. As we
know, this merges into the Mall around the Washington
Monument, and heads down to the Capitol, the scene
of the "action." . (cont'd)

Nick Grenier to DC OP: Jan 6 21

1/3/2021 12:36:38 PM

Getting "tickets" via the website for this event is, to me, a fool's errand. The fenced-area at the Ellipse will be totally full many hours before 11 AM. In fact, people will be camped out all night just to get in line to get into the Ellipse. (cont'd)

Nick Grenier to DC OP: Jan 6 21

1/3/2021 12:36:38 PM

All of these people, for all of these hours, will utterly overwhelm any sanitary plan. (And if the Metro is shut down and/or restricted, all bets are off for what will happen.) (cont'd)

Nick Grenier to DC OP: Jan 6 21

1/3/2021 12:36:38 PM

This Jan 6 event will be many times bigger than the Valdosta GA Trump rally that I attended, and that rally totally overwhelmed the portapotties, as in overflowing. This event will be orders of magnitude bigger. (cont'd)

Nick Grenier to DC OP: Jan 6 21

1/3/2021 12:36:38 PM

So I am not going to sign up for a nominal ticket that will give the bearer no actual access, unless the bearer is willing to camp all night, and maybe not even then.

I'm just going to head as close as I can to the Mall or the Capitol and see what happens. (cont'd)

Nick Grenier to DC OP: Jan 6 21

1/3/2021 12:36:38 PM

I don't want to get penneded into an "official" zone where you lose all control of your movement. Not to mention overflowing portapotties etc. I'd rather be on the outside of the crowd with some freedom of movement in and out."

Don Siekerman to DC OP: Jan 6 21

1/3/2021 12:40:26 PM

That is where the President will speak from on Tuesday the 5th only as far as I see from the website... might have a few more speakers but most of those will be at Freedom Plaza or between the Capital/SCOTUS

Nick Grenier to DC OP: Jan 6 21

1/3/2021 12:50:48 PM

Given the uncertainties around moving, maybe it would be preferable, if possible, to have teams stationed in specific areas, and minimize individuals' travel deep into crowded areas or from site to site. (cont'd)

Nick Grenier to DC OP: Jan 6 21

1/3/2021 12:50:48 PM

For those focused on protecting demonstrators, the primary threat to manage will presumably be along the outer edges of the crowds anyway. So maybe having teams encircle the entire area at strategic points.

Nick Grenier to DC OP: Jan 6 21

1/3/2021 12:53:01 PM

I am local (Alexandria), and

Open letter to President Trump: You must use Insurrection Act to “Stop the Steal” and defeat the coup

(Natural News) ***“The time is now near at hand which must probably determine whether Americans are to be freemen or slaves; whether they are to have any property they can call their own; whether their houses and farms are to be pillaged and destroyed, and themselves consigned to a state of wretchedness from which no human efforts will deliver them. The fate of unborn millions will now depend, under God, on the courage and conduct of this army. Our cruel and unrelenting enemy leaves us only the choice of brave resistance, or the most abject submission. We have, therefore, to resolve to conquer or die.”*** – General George Washington, Address to the Continental Army Before the Battle of Long Island, August 27, 1776

(Article by Stewart Rhodes republished from OathKeepers.org)

President Trump,

We now face a moment of peril as great, or greater, as what General Washington and his men faced in 1776. The very survival of our nation as a free Constitutional Republic hangs in the balance. We have

but one last chance to save it. The fate of unborn millions will now depend on your conduct, the conduct of the current members of our armed forces, and the conduct of we the many millions of American veterans and patriots who are still loyal to our Constitution.

When you were sworn in, you took the following oath, as mandated by Article II of the Constitution:

“I do solemnly swear (or affirm) that I will faithfully execute the Office of President of the United States, and will to the best of my Ability, preserve, protect and defend the Constitution of the United States.”

It's time to honor that oath by defending the Constitution against all enemies, foreign and domestic. This is your moment of destiny. Will you take your place in history as the savior of our Republic, right up there with President Washington and Lincoln? Or will you fail to act, while you still can, and leave office on January 20, 2021, leaving We the People to fight a desperate revolution/civil war against an illegitimate usurper and his Chicom puppet regime?

Here are the facts:

We are already at war with communist China and its willing American agents, puppets, and co-conspirators who seek to overthrow our Constitution, as well as the international elites and other foreign enemies who have aided and abetted this war on our nation. They have infiltrated and taken over every branch of government at every level, state and federal. War isn't coming – war is already here.

Communist China could never defeat us in open battle, so instead, it infiltrated and subverted our institutions, bought and blackmailed American elites, and made allegiance with willing domestic enemies of our Constitution, to defeat us from the inside out, without having to fire a shot, by using what is commonly referred to as “Fourth Generation Warfare” doctrines and methods. This is war by other means, but it is war nonetheless.

Through well-orchestrated mass vote fraud, the Communist Chinese and their domestic enemy allies are about to install their illegitimate puppet, Joe Biden, and his equally illegitimate puppet running mate, Kamala Harris, into the White House, with their treasonous fingers on the nuclear launch codes.

You must act NOW as a wartime President, pursuant to your oath to defend the Constitution, which is very similar to the oath all of us veterans swore. We are already in a fight. It's better to wage it with you as Commander-in-Chief than to have you comply with a fraudulent election, leave office, and leave the

White House in the hands of illegitimate usurpers and Chinese puppets. Please don't do it. Do NOT concede, and do NOT wait until January 20, 2021. Strike now.

If you fail to act while you are still in office, we the people will have to fight a bloody civil war and revolution against these two illegitimate Communist China puppets, and their illegitimate regime, with all of the powers of the deep state behind them, with nominal command of all the might of our armed forces (though we fully expect many units or entire branches to refuse their orders and to fight against them) and with their foreign allies also joining in to assist in the suppression of American patriots.

Without clean elections, we no longer have a Republic, and you are charged by the Constitution with preserving a republican form of government wherein the people actually elect their own representatives in clean elections. Article IV, Section 4 of the U.S. Constitution clearly commands you in this, when it states:

“The United States shall guarantee to every State in this Union a Republican Form of Government, and shall protect each of them against Invasion.”

“Shall” is command language. And that command applies to all three branches of the federal government, including the executive branch which you run. And that command applies directly to you. You are commanded by the Constitution to take whatever action you must to ensure that we have a Republican form of Government – and that means clean elections. In the current dire circumstances where complicit traitors have been put into place in every branch of government (legislative, executive, judicial) at every level (local, state, federal), through fraudulent elections over many years, it means YOU will have to fix it, with the full support of loyal military service members and millions of military and police veterans, as well as millions of patriotic average Americans who stand with you 100% in doing what must be done.

It won't be fixed by corrupted legislatures, Governors, or the courts. The recent refusal by all but two of the Supreme Court Justices (including all of your own Supreme Court picks) to hear the Texas election fraud case shows that the cancer of cowardice, compromised officials, and treason has spread even to the Supreme Court. The disclosures of the corruption and blackmailing of Hunter Biden and the corruption of Rep. Swalwell by a Communist Chinese Spy, as well as the blackmail ring run by Jeffery Epstein, are the tip of the iceberg in how the deep state and its Chicom allies have taken over our establishment elites.

That corrupted establishment won't fix it, but We the People shall, one way or another and we need you to lead us in this great battle to save our Republic.

Further, the US Constitution states in Article I, Section 8 that Congress has the power:

To provide for calling forth the militia to execute the laws of the union, suppress insurrections and repel invasions

Congress long ago provided for just that by passing the Insurrection Act which delegates that decision and power to you, as President and Commander-in-Chief.

The Insurrection Act, 10 U.S. Code, Section 252- Use of militia and armed forces to enforce Federal authority, states:

Whenever the President considers that unlawful obstructions, combinations, or assemblages, or rebellion against the authority of the United States, make it impracticable to enforce the laws of the United States in any State by the ordinary course of judicial proceedings, he may call into Federal service such of the militia of any State, and use such of the armed forces, as he considers necessary to enforce those laws or to suppress the rebellion.

Section 253 of the Insurrection Act then states:

The President, by using the militia or the armed forces, or both, or by any other means, shall take such measures as he considers necessary to suppress, in a State, any insurrection, domestic violence, unlawful combination, or conspiracy, if it—

(1)

so hinders the execution of the laws of that State, and of the United States within the State, that any part or class of its people is deprived of a right, privilege, immunity, or protection named in the Constitution and secured by law, and the constituted authorities of that State are unable, fail, or refuse to protect that right, privilege, or immunity, or to give that protection;

(2) opposes or obstructs the execution of the laws of the United States or impedes the course of justice under those laws.

In any situation covered by clause (1), the State shall be considered to have denied the equal protection of the laws secured by the Constitution.

Section 254 then states:

Whenever the President considers it necessary to use the militia or the armed forces under this chapter, he shall, by proclamation, immediately order the insurgents to disperse and retire peaceably to their abodes within a limited time.

Clearly an unlawful combination and conspiracy in multiple states (indeed, in every state) has acted to deprive the people of the fundamental right to vote for their representatives in a clean, fair election as is required in a free nation, striking at the very heart of what it means to have a republican form of government, and disenfranchising them. You, and you alone, are fully authorized by the Insurrection Act to determine that such a situation exists, and to use the U.S. military and the militia to rectify that situation. And the militia includes not only the National Guard units of each state, called into federal service, but also includes the body of the people, age 17-45, and especially us military veterans, who are by federal statute subject to call up for service as the militia until age 65, due to our prior training and experience.

As Article II declares, "The President shall be Commander in Chief of the Army and Navy of the United States, and of the Militia of the several States, when called into the actual Service of the United States." You must call us up, and command us.

We urge you to do the following ***simultaneously*** as both the chief law enforcement officer of the nation, and as the commander in Chief:

1. **INVOKE THE INSURRECTION ACT:** Issue a Presidential Proclamation, directly invoking the Insurrection Act, declaring an insurrection, rebellion, and coup to be in effect by domestic enemies of the U.S. Constitution and traitors who are in collusion with and/or acting as agents of a foreign enemy (specifically Communist China, but also other known or unknown foreign enemies) and to call up the militia (including the National Guard, us veterans, and patriotic Americans of military age) and US military to suppress the insurrection. That proclamation should declare that domestic traitors have conspired with a foreign enemy, specifically Communist China, and have been either bribed or blackmailed by that enemy, and together they have subverted our electoral system from top to bottom to rig elections at every level, and to steal elections with the intent of overthrowing our Constitution and our way of life.

- A. **Order the data seized:** Pursuant to that proclamation, order SOCOM and other trusted military units, to seize all databases of the CIA, FBI, NSA, DNI, etc and the records held by all state electoral systems and administrators. And order them to take possession of and preserve all evidence of the insurrection/rebellion/coup wherever it is housed or held and to counter and suppress any attempt by the insurrectionists to prevent the seizing of the data.

- B. **Order a mass declassification of the dirty secrets:** Order SOCOM Intelligence officers and other trusted and loyal patriot intelligence officers to carry out your orders to declassifying ALL the dirty secrets and evidence of crimes by all the corrupt and compromised elites (in both major parties) to expose them all, and especially to expose their treason and their willing service to communist china and other foreign powers, as spies, agents, and puppets. Of course, those loyal intelligence officers should

not declassify and disclose data that could put at risk loyal American operatives and allies in foreign nations, who are on legitimate missions that are related to our legitimate national interests. Only disclose data on traitors and their treason.

C. Within all that data will be the evidence needed to expose the vote fraud and who is behind it, as well as expose all the corrupt judges, state Attorney Generals, governors, legislative leaders, election officials, etc.

D. **Order a massive public “Wikileaks” style data-dump** to put all the dirty secrets of the compromised elites on display to the American people. Those secrets are the very “swamp water” that the DC swamp creatures swim in. Those dirty secrets both control and shield them all. Throw the doors open, and dump all the skeletons out of the closets and onto the streets for all the people to see, and for all the world to see.

E. **Pardon and free Julian Assange** and ask him to assist in this massive data-dump public disclosure. He is a hero who has dedicated his life to battling the deep state and deserve our thanks and a chance to serve not just America, but all humanity by assisting in this great cause.

F. **Fire Barr and removed him from office immediately (UPDATE: Barr has resigned, but needs removed immediately. Don’t let him run the clock out even a day more).** The replacement should not come from within the beltway.

You must appoint a REAL patriot Attorney General who will actually fight and actually clean house. Look outside the beltway for a real patriot. We will help you find one who will actually fight for the Republic. This is a populist movement, and the people are still being locked out, which is why you keep getting betrayed over and over. Appoint REAL patriots who are outsiders.

E. **Appoint a special prosecutor and task force.** The new Attorney General should appoint a special prosecutor with a full task force to investigate and indict all those involved in the vote fraud and to go after the Deep State from top to bottom, including within the DOJ, prosecuting all traitors in all branches, and all levels, to root out all who are actively committing treason, and who have been compromised, blackmailed, or bought out by Communist China and/or other foreign enemies.

F. **Fire Wray and put a patriot in place as FBI Director** to clean house in the FBI and to actually do their jobs.

2. **Order the U.S. Military to go to Defcon 2, or even Defcon 1, to defend our nation from external threats while we suppress this internal insurrection.** It is imperative that we maintain strict control of our nuclear arsenal in patriot hands and that our armed forces stand ready to repel foreign attack and interference while we handle this necessarily drastic domestic house cleaning.

3. Call the militia into federal service. Pursuant to your powers as Commander-in-Chief to call forth the militia, call up all National Guard units into federal service, and likewise call up all military veterans up to age 65 into federal service as the militia to assist in keeping the peace here at home. Also call up all able-bodied Americans between the ages of 17-45 who are still loyal to the Constitution to likewise report for duty, bearing their own arms. You have the power to command them and order them to report for duty at their nearest military base or National Guard armory in their state. All of the above, as the militia, can be used to keep the peace in our local and state communities, under your direct command, to suppress the expected riots, terrorism, and armed insurrection by the radical left in the United States (who have been armed and equipped for months now by our foreign and domestic enemies).

3. CONDUCT A CLEAN ELECTION/CLEAN UP OUR CORRUPTED AND COMPROMISED ELECTION SYSTEM.

We will post advise on this shortly. Stay tuned. It is both simple, and very complex, given the advanced cancer of corruption in our voting system.

CONCLUSION: WE ARE IN FOR A FIGHT, NO MATTER WHAT. LET'S GET IT DONE WITH YOU AS COMMANDER IN CHIEF >

There is no way out but through. And we will NOT submit to a Chicom puppet regime. You must stand tall and use your constitutional powers to fight this war against enemies foreign and domestic while you are still President and Commander-in-Chief. If you fail to do so, we the people will have to fight a bloody revolution/civil war to throw off an illegitimate deep state/Chinese puppet regime.

You must use both your authority to invoke the Insurrection Act and your absolute power to declassify any and all secrets.

Because of the machinations of the complicit mainstream media, most Americans are ignorant of just how corrupted and compromised the establishment has become. They have no idea how many political, legal, media, and business elites are now compromised puppets of Communist China with the aid of the deep state traitors within our own intelligence and federal law enforcement agencies. That is why you must use SOCOM and other loyal military units to do a mass data seizure, declassification, and mass data-dump to throw all the skeletons out into the streets, exposing all the dirty secrets that are used to control American elites, and show the American people all the evidence that will show them who is dirty, who is a traitor, and who is a criminal. This will destroy the credibility of the traitors and make it far easier to defeat them, with the people themselves being the judge, and with our military service-members also clearly seeing who has turned traitor and who must not be obeyed. It is critical. You must do both. Expose them all, and then bring them to justice.

Know this: millions of American military and law enforcement veterans, and many millions more loyal patriotic American gun owners stand ready to answer your call to arms, and to obey your orders to get this done.

Greeted by cheers, Rep. Matt Gaetz announced he is joining the January 6 Electoral College challenge. Explosively, Gaetz added that Senator-elect Tommy Tuberville will be the first U.S. Senator to join the fight.

Speaking at Turning Point USA's annual Student Action Summit in West Palm Beach, Florida, Representative Gaetz (R-FL) revealed that he will be "joining the fighters in Congress," and will be objecting to Electoral College votes from states "that didn't run clean elections" on January 6th.

The announcement was greeted by whoops and cheers from the crowd, along with chants of “USA.” Gaetz added that he has spoken to Senator-elect Tommy Tuberville (R-AL), and that he will also be joining the Electoral College challenge.

“He still talks like a coach, and I had a chance to speak with Coach Tuberville just moments ago, and he says we are done running plays from the establishment’s losing playbook – it is time to stand and fight,” said Gaetz.

“Coach Tuberville went forward a lot on fourth down, when he was coaching at Auburn.” Gaetz noted, “They called him the Mississippi Riverboat Gambler.”

“Well the odds may be tough, it may be fourth and long,” he declared. “But we’re going for it on January 6th.”

Gaetz seemed to include Tuberville in his comments when he noted “we’re going for” the Electoral College challenge in January.

Gaetz noted that the media will “breathlessly exclaim” that he, Tuberville, and the others who join them are “attacking democracy” with their Electoral College challenge, but he decried that as “nonsense”:

Democracy is left undefended if we accept the result of a stolen

The media and their woketopian allies in Silicon Valley only grow stronger in their ability to superspread lies and bullsh*t. Our constitutional system proposes power in the people, and our media resents the hell out of it. They no longer want to program the news, they want to program you, controlling what you see and what you hear, so they can manage how you behave. Well I guess in their eyes, we're all behaving a little badly, but maybe more bad behavior is what we need to advance the America First agenda.

“We deserve leaders bold enough to take action, and media honest enough to report the facts objectively, but instead, we get the perversed opposite,” Gaetz continued, describing American politicians as “weak husks of humans,” and slammed Republican leadership:

They scurry around Capitol Hill just doing favors for lobbyists and special interests. Often times, they only look busy, because they accept busy work from our milquetoast, so-called leadership. We should not be

America is burning and in need of bold action and leadership.

“I don’t know about you, but I’m not going back to yesterday’s Republican Party,” Gaetz concluded. “I’m not going back to losing politely with Mitt Romney. I’m not going back to the Bushes, or the Cheneys. This is Donald Trump’s party, and I am a Donald Trump Republican. If you want to get the job done, if you want to drain the swamp, hire a Florida man.”

Radio host Sebastian Gorka spoke following Gaetz, and said that not one Senator “who has the letter R behind his name,” has so far agreed to be the second person to stop the Electoral College votes, with no word from Tuberville himself confirming what Gaetz said. “Where are they? Where are you guys? We voted for you to uphold the Constitution,” Gorka added.

National File reported on Friday that Tuberville was waffling on his support the challenge. Tuberville, speaking to local media, said he had to do his “due diligence” before supporting President Donald Trump and Brooks, and that such a process will likely take until after Christmas. However, it will be hard for Tuberville to back out following Gaetz’s announcement that he will fight the Electoral College votes.

01/06/2021 1:38:13 PM	Stewart Rhodes	All I see Trump doing is complaining. I see no intent by him to do anything. So the patriots are taking it into their own hands. They've had enough.
1/6/2021 1:48:41 PM	Stewart Rhodes	ATTENTION SECURITY TEAM AT FREEDOM RALLY! My grey shoulder bag and helmet are on the ground behind the stage. Please secure them and keep them with you (whenever you end up). I'm on my way to the Capitol. Please confirm. Stewart

Matthew Truo...

Matt, I am meeting 6p.m. with officers of Blue Ridge Militia. Your intro will be easier for me to arrange thereafter. Burning question: do you have any members of your community who have, or have contacts who have a boat we could have in the Potomac on the 6th? Here's why: we are not going in with guns. However, we have designated a Quick Reaction Force which will have all such things. If things went really bad and we needed to fight back to save lives, the QRF vehicle will have a hard time fighting through traffic to get to our guys. But if we had a boat standing by, the QRF could load the boat, ferry stuff to our waiting arms. If we had to get folks OUT,

will have a hard time fighting through traffic to get to our guys. But if we had a boat standing by, the QRF could load the boat, ferry stuff to our waiting arms. If we had to get folks OUT, sick, hurt, just too cold, we could get them out via boat and our QRF vehicle could get them home or coordinate it. If someone had a commercial boat even, maybe we could hire it for the day (I would get the \$) and if traffic is just too brutal we could ferry people IN to the protest. I have 5 coming in from Ohio, 15 from florida. Going to be hard for us to drive in and not get separated including in terms of the nightmarish parking. Could I respectfully ask you to put out the call? Its a way a patriot could help and we will compensate them, no worries. Thanks in advance for your help.

Hey buddy. Just spoken with Rob Duport and Shannon minor. We are putting together a QRF that will be specifically trained for hot extract. An ACE cell for intelligence analysis, and a HUMIT team for in field collection operations. With up coming missions we are going to need some gear. What are the chances we can get a couple radios and a small drone we can stream video from. I'd like these teams to be built as a rapid response force for handling sophisticated HUMIT and SIGINT operations.

From: Stewart Rhodes

To: Op Rivertown

Chances are very good. Especially since we have a possible op in Louisville looming.

Would you be able to be there for that op to help fly the drone and other IT/comms needs?

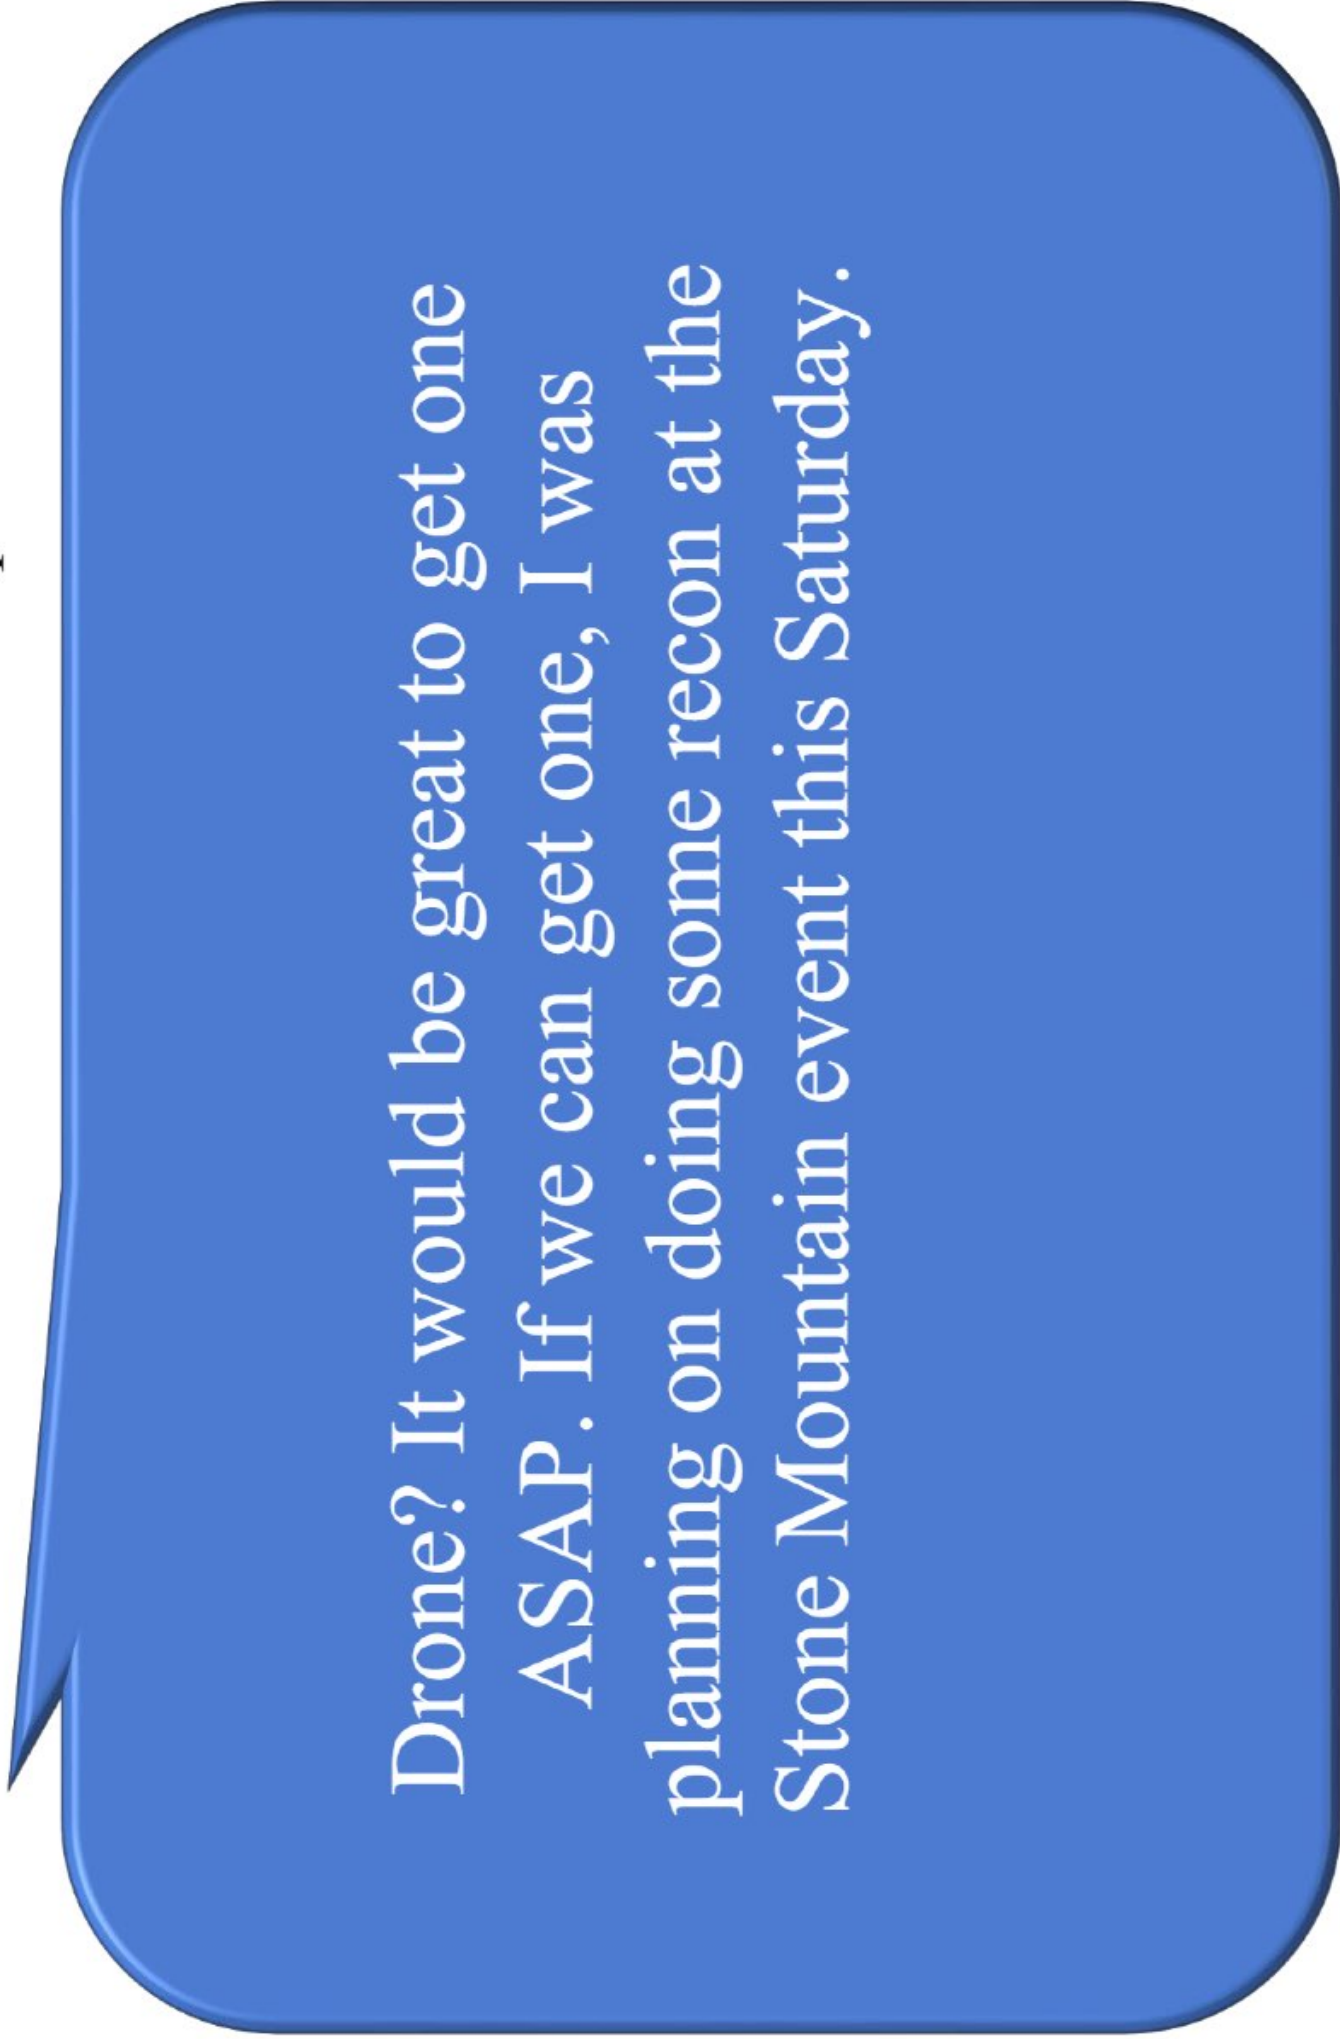

From: Thomas

To: Op Rivertown

Yes, with the new teams. Posted the notice today and already have applicants. Signing the memorandum of understanding tomorrow to extend my FCC license to oath keepers.

Drone? It would be great to get one ASAP. If we can get one, I was planning on doing some recon at the Stone Mountain event this Saturday.

Clint on it. In fact I'll call
you today to order it.

Situation Update Jan 8th – Trump fighting from secure location, did NOT concede

Friday, January 08, 2021 by: Mike Adams

Tags: America, conspiracy, deep state, MAGA, Nancy Pelosi, national defense, President Trump, traitors, treason

This article may contain statements that reflect the opinion of the author

8:14

(Natural News) Intel is coming in today from many sources, and I will likely need to post a separate article to cover it all. Importantly, Trump has not conceded anything, and if you parse the words of his most recent video statement, there is absolutely no concession in it and no naming of Joe Biden as president:

A new administration will be inaugurated on January 20th. ... my priority is to ensure a smooth, orderly and seamless transition of power. This moment calls for healing and reconciliation.

Trump is merely attempting to appear that he is conceding while not actually using any binding language that would legally tie him to such an outcome. To state that, "A new administration will be inaugurated on January 20th" without naming the year is, of course, always a true statement. There's a new administration coming on January 20th, of 2025, for example. There's also a new administration coming this year if Trump dumps Pence and has a new VP at his side.

But why would Trump still be refusing to concede while trying to make people think he's conceding? Because according to one source that has briefed me, the globalist controllers are threatening to detonate dirty bombs in every US state representing a senator who voted against the Biden slate of

electors. The threat against Trump is that if he does not concede, the dirty bombs will be set off, killing hundreds of thousands of Americans.

Yet Trump fully realizes that **far more American would die under the totalitarian communist-run regime represented by Joe Biden**. Trump isn't going to be threatened into quitting.

8:14

In fact, as I cover in today's podcast, Trump is in a secure location and he's fighting from there, alongside loyal forces of the US military who are preparing for decisive action against the deep state traitors who are desperate to remove Trump from power by any means necessary.

Nancy Pelosi, who will obviously face arrest and prosecution for treason if Trump secures his second term, is running around D.C. like a crazed hyena, trying to get Pence to invoke the 25th Amendment to remove Trump immediately. An impeachment "trial" is scheduled for Monday to try to remove Trump by other means, claiming that Trump still has access to the nuclear codes and might unleash a nuclear missile.

Nancy Pelosi wrote today in an urgent letter:

This morning, I spoke to the Chairman of the Joint Chiefs of Staff Mark Milley to discuss available precautions for preventing an unstable president from initiating military hostilities or accessing the launch codes and ordering a nuclear strike...

In other words, Pelosi is conspiring with Mark Milley — also a traitor — to remove Trump from power before he can complete his counterinsurgency actions involving the military.

The deep state is trying to thwart Trump from every possible angle, and Trump's victory isn't assured, but he remains the US President for the next 12 days, and he's using those days to carry out an epic counterattack against the criminals who rigged the elections, staged the "siege" on the capitol building, and plan to tear down our constitutional republic if they gain control of the White House.

Here's what's covered in today's Situation Update:

- Why efforts to remove Trump by force will set off a hot civil war.
- It's not a "breach" if the police invite you in: The media's false narrative about the capitol building "riots."
- Trump did not concede. No binding concession language in his speech.
- Trump during rally on Monday in Dalton, GA: "We have to go all the way... you watch what happens over the next couple of weeks. You watch what's going to come out and watch what's

going to be revealed.”

- NPR caught publishing capitol “siege” story hours before it took place. (Echoes of 9/11 media staging.)
- AOC tweeted about left-wing riots: “To folks who complain protest demands make others uncomfortable... that’s the point.” But now she wants Big Tech to censor anyone quotin 8:14
- Congress operating its betrayals under the cover of darkness.
- 200 top corporate CEOs in America demand Biden be installed as president so they ca iue
to loot the nation under forced covid lockdowns.
- Mo Brooks reveals “growing evidence” the capitol building “siege” was initiated by Antifa operatives.
- Leftists build a 7-foot WALL (fence) around the White House, and deploy 6,200 National Guard troops to protect their treason and election theft. Suddenly they believe in walls after all.
- Trump supporters instantly convicted in the left-wing media, even though obvious evidence of election theft by the Dems is thrown out of court without any hearing at all. Gross double standards will drive this nation to war with itself.
- Leftists declare war on conservatives and plan to silence them and destroy them in any way possible, all in the name of “tolerance.”
- Lin Wood warns that coup plotters are now planning to hunt down and execute Trump loyalists.
- US Rep Hank Johnson (dem) says the nation should treat Trump supporters like “negroes,” further proving that Democrats really are racist, hate-filled bigots.
- Biden calls Trump supporters “domestic terrorists” but was completely silent on the actual terrorism and violence of left-wing insurrectionists.
- Lindsey Graham vows to help jail Trump supporters, demonstrating his disdain for his own base of voters. (Yes, the GOP is finished.)
- Media using the “siege” narrative to push for more censorship of all conservatives, which will only drive them to more frustration and anger. This model of authoritarianism and marginalizing all conservatives will only end in bloodshed.
- Big Tech censorship is part of a cleanup operation to hide all the evidence and truths they don’t want people to see.
- Conservatives are the new “marginalized” people of society, and we need a new civil rights movement to protect those who hold conservative ideas.

Was this actually a concession? "Even though I totally disagree with the outcome of the election, and the facts bear me out, nevertheless there will be an orderly transition on January 20th. I have always said we would continue our fight to ensure that only legal votes were counted. While this represents the end of the greatest first term in presidential history, it's only the beginning of our fight to Make America Great Again!"

Shawn! Can't believe I just thought of this:
how many people either in the militia or
not (who are still supportive of our efforts
to save the Republic) have a boat on a
trailer that could handle a Potomac

at a dock ramp (one near the Pentagon for
sure) we could have our Quick Response

Team with the heavy weapons standing by, quickly load them and ferry them across the river to our waiting arms. I'm not talking about a bass boat. Anyone who would be interested in supporting the team this way? I will buy the fuel. More or less be hanging around sipping coffee and maybe scooting on the river a bit and

our guy loads our weps AND Blue Ridge

Dude! If we had 2 boats, we could ferry

Then get picked up. Is there a way to

President Trump is a fighter,

but he needs us to stand with him and fight too!

Oath Keepers and patriots, duty calls!

We must all march on Washington D.C. and directly back-up and defend President Trump as he fights against the ongoing coup that is attempting to steal the election. Start rolling toward DC now! Join in on:

1. **Million MAGA rally scheduled in Washington D.C. this Saturday, November 14, 2020, 1301 Pennsylvania Ave, at 12pm.**
2. **Infowars Stop the Steal Caravan! Owen Shroyer is leading a caravan of patriots across the nation to converge on D.C. this Friday and Saturday, to converge and join in with the other rally initiatives, all standing together on Saturday.**

Go too www.stopthestealcaravan.com to learn more.

WE WILL BE THERE, in D.C., and we urge YOU to be there!

OATH KEEPERS VOLUNTEER SECURITY OP FOR WASHINGTON D.C.

Oath Keepers is sending some of our most experienced LEO and military combat veterans into D.C. to help keep patriots safe this Saturday, and in the days to come. Oath Keepers is linking up with the Infowars Stop the Steal Caravan and with the organizers of the Million MAGA event, and we will do all we can to assist with volunteer security on the ground inside D.C.

Oath Keepers will also have some of our most skilled special warfare veterans standing by armed, just outside D.C., as an emergency QRF in the event of a worst case scenario in D.C. (such as a "Benghazi" style assault on the White House by communist terrorists, in conjunction with stand-down orders by traitor generals).

Our men will be standing by, awaiting the President's orders to call us up as the militia, which would override D.C.'s ridiculous anti-gun laws (by federal statute, all Americans from age 17-45 are subject to being called up as the militia by the President, and all military veterans are subject to being called up until age 65 because of our training and experience). - Stay tuned for further details.

We call on all our LEO, military, Fire, EMS, and search and rescue brothers and sisters nationwide to also volunteer, either for the inside D.C. security op, or for the outside D.C. contingency QRF. You do NOT have to be an Oath Keepers member to volunteer, but you do need to be a trained professional. All military and LEO veterans are encouraged to volunteer (we will put you to work!), but we especially need combat arms veterans, SWAT and riot trained LEOs, EMS, Fire, intel personnel, logistics, EOD, etc. You must be cool and calm under pressure, disciplined, and a quiet professional.

NOTE: For the volunteer security op inside D.C., to protect rally attendees, we also invite the participation of other patriot groups, such as bikers, who are not prior service but who have training, backgrounds, or experience that give them a capacity to effectively deal with unlawful physical violence by leftist terrorists. BUT, again, you must be calm under pressure and committed to the ethos of the quiet professional. We have found that it un-nerves the leftists to have to deal with stone-faced patriots who don't react to them running their mouths, but who are eminently capable if things turn physical. Remember, the eyes of the nation, and the world, are on us.

To volunteer, email us at: dcvolunteers@oathkeepers.org

Please also cc our backup volunteer email: dcvolunteers@protonmail.com

Please let us know what state you are from, and whether you want to serve inside D.C. or on the outside QRF, or both.

You will go through a comprehensive vetting process, including in-person. Again, we welcome the participation of like-minded groups and their leadership, whether veteran groups, three percenters, bikers, etc. Please have your leadership contact us and we will work with you, as we have on many past operations.

If you can't make it to D.C. in person, please donate to support those who can. We have brave veterans who are traveling there from across the nation, and they need your support to maintain their watch until we prevail. Go [here](#) to donate:

Oath Keepers Fire-Fighter stands guard against communist arsonists in Louisville, KY (also an Army combat veteran & police officer veteran). A good example of the kind of men who answer the call, as volunteers.

ALL PATRIOTS MUST MARCH ON D.C. NOW!

We encourage ALL patriots to join together in D.C., beginning this Saturday, November 14, 2020. (NOTE: You do NOT have to be vetted to attend the protests/rallies. Just show up. Vetting is only for those who want to be part of the Oath Keepers security op. Nor do you need to be prior services. ALL patriots need to show up). Understand that this Saturday's march/rally is just the beginning, and there needs to be a strong, ongoing patriot presence in D.C. going forward.

At a Stop the Steal protest in VA this past Sunday, we met elderly ladies who have been protesting in D.C. If they are brave enough to enter D.C. to stand up, so can you. Show up. Those of us who are more able-bodied will help keep you safe.

This election was stolen and this is a communist/Deep State coup, every bit as corrupt and illegitimate as what is done in third world banana republics. We must refuse to EVER recognize this as a legitimate election, and refuse to recognize Biden as a legitimate winner, and refuse to ever recognize him as the President of the United States. This election was stolen by corrupt, law-breaking Democrat partisans on the ground, and by the manipulation of the CIA created HAMMIR ("Hammer") and Scorecard programs.

WHAT PRESIDENT TRUMP MUST DO TO DEFEAT THE DEEP STATE COUP

A. President Trump must refuse to concede. No matter what, he must not concede. This election was stolen by domestic enemies. Period. President Trump must refuse to recognize it as legitimate because it is not legitimate. He must follow the advice Hillary Clinton gave to Biden - to refuse to concede, no matter what. But by President Trump refusing to concede, he is stopping a coup rather than engaging in one.

B. President Trump MUST declassify ALL of the dirty secrets in the files of the CIA, NSA, FBI, ODNI, etc. on all of the compromised political, legal, academic, business, media, social elites, etc. He needs to order our Special Operations troops in SOCOM to take lead on securing all facilities where all the data is stored, and he must have SOCOM intelligence officers take lead on following his orders to IMMEDIATELY declassify all of the files on compromised American elites, so we can defeat the Deep State. The dirty secrets - who is a pedophile, who has taken bribes from Communist China and other foreign enemies, who has engaged in murder, etc. are the swamp water that the swamp creatures swim in. It is how they are all both controlled and protected. So long as they obey the Deep State, they are immune from exposure and prosecution. If they dare to refuse to obey the Deep State, they can be destroyed by it in a matter of seconds. That is how the Deep State controls people. That is the root of its power (along with the Federal Reserve control on the financial system). And President Trump must strike at the root.

C. President Trump must do a MASS "WIKILEAKS"/SNOWDEN STYLE DATA DUMP. Both Julian Assange and Eric Snowden were heroes in the fight against the Deep State precisely because they dared to do what the Deep State fears most - exposure. The Deep State can throw such patriots into prison. But, it can't stop the President of the United States, the Commander-in-Chief, from declassifying and dumping ALL of the Deep State's dirty laundry. He has absolute authority to declassify anything he wants, and to disclose it to the American people. And he needs to do that for corrupt, compromised elites of both major parties. There are GOP traitors too, and they have undermined and worked to destroy our nation from within, right along with the domestic enemies within the Democratic Party and the communist left that is not dominating that party. Expose them all, once and for all. And may the heavens fall (it will be the Deep State that falls).

This is his final, last chance to actually drain the swamp.

WHAT WE THE PEOPLE MUST DO

A patriot from Serbia, who also loves America, shows us the way:

What we have done, and what you probably need to do:

- Peaceful protests, good, well played round 1
- A complete civil disobedience, they are not your representatives. They are FOREIGN puppet government.
- Connect with the local police and start organize by neighborhoods to stay safe (we didn't need this step)
- We swarmed the streets and started confronting the opponents. I know, not nice, but it must be done if the institutions stop to exist
- Millions gathered in our capital. There were no barricades strong enough to stop them, nor the police determined enough to stop them
- Police and Military aligned with the people after few hours of fist-fight
- We stormed the Parliament
- And burned down fake state Television!

WE WON!

However, we made a mistake. We have not removed ALL of his people from their positions.

That was the only mistake.

They are going to fight to the end, you must do the same.

Take that glorious flag from the chest. That old flag your ancestors flew while fighting for liberty.

Kiss your old Grand, and your Bible.

Do what you need to do.

You have it in your genes.

Make your grand-parents proud, and make your future grandsons proud.*

"GOD BLESS AMERICA!"

The man knows of what he speaks!

STAND NOW, OR KNEEL FOREVER.

We must stand, and we WILL stand. Last night, on a conference call with Oath Keepers from around the country, I urged them to stop at Arlington National Cemetery on their way to D.C. to visit their brothers and sisters and to reflect on all they gave for this nation – many of them giving their lives, with many of them dying in their teen years. They passed the torch of freedom to us. Now it is our watch, and now it is our time to stand in the breach. As the late, great cowboy patriot LaVoy Finicum said:

"It doesn't matter how it ends, it Matters How You Stand"

On your feet! Stand up, hook up, check equipment...and shuffle to the door my brothers and sisters.

We have been banned by fb and the blue bird, simply for telling the truth. FYI: if you post anything in support of our president, or about the current election, you will probably be banned as well. State/county records for voters vs state/county records of ID'd drivers & card holders >17 years old

The data must include:

Voters

1. State
2. County
3. Precinct
4. Voters first/middle/last initial of name
5. Voters Address
6. Voters Zip Code
7. Voters Age
8. Male/Female

State ID's

1. State
2. County
3. first/middle/last initial of name
4. ID Type
5. ID Address
6. ID Zip Code
7. ID Age
8. Male/Female

There are 5 simple evaluation steps for validation.

1. The first test for the data is to confirm that the address exists. This is accomplished by comparing the zip and address to the USPS addresses. Any non-existent address is an indication the vote is fraud.
2. The second test is to compare the number of individuals by zip & address. When more votes are identified at an address than registered drivers/IDs then fraud is suspected. This requires direct validation of the address that the voter actually exists. In 2008 some single bedroom homes recorded 4 to 60 votes at the address.
3. The third test involves matching the zip/address & first/middle/last initials. All non-matching indicate a potential fraud vote. This is commonly referred to as a partial stolen identity.
4. The fourth test involves matching the zip/address & first/middle/last initials & age. All non-matching indicate a potential fraud vote. This is commonly referred to as a stolen identity.
5. The fifth test involves zip/address & first/middle/last initials & Male/Female. All non-matching indicate a potential fraud vote. This is commonly referred to as a stolen identity.

These steps identified 380,000+ potentially fraudulent votes in 2008 for one state. They also identified 400,000+ potentially fraudulent votes in 2012 for one state. This simple verification model could easily be incorporated in the voting activity when new or suspect voters are encountered. If we identify them today, maybe there will not be so many in the future.

harder the conflict, the more glorious the triumph.

Thomas Paine - The American Crisis. Read to Washington's soldiers on December 23, 1776, before the Battle of Trenton.

President Trump,

Today, December 23, is the anniversary of the reading of Thomas Paine's The American Crisis, Number 1, to Washington's troops as they prepared their minds, bodies, and spirits for the critical battle of Trenton, which turned the tide of the war. General Washington had suffered defeat after defeat, and both he and his men were worn down. Many of his men were demoralized. He needed a victory, and to get one, he needed to go on the offensive. And he did. He ordered Thomas Paine's immortal words read aloud to his men, to get their minds right, and then General Washington penned a simple note to himself: "victory or death" - which became the password for the operation to cross the Delaware and attack the Hessians. At that time, there were many on both sides predicting his inevitable defeat, declaring that he was done, that the cause was lost. Many turned against him. But Washington did not listen to the doubting Thomases who were urging him to give up, to try to make a deal with the enemy. Instead, he went on the offensive. He attacked. And he won.

Like Washington, you have suffered defeats, treachery, and people you trusted abandoning you, or even turning on you (modern day "Benedict Arnolds" abound). Like Washington, you have people in your ear, urging you to give up, to make a deal. Don't do it. Follow Washington's example and attack.

In our last open letter to you, we urged you to invoke the insurrection act, declaring an insurrection to be in existence by domestic enemies of the Constitution who are in allegiance with, and doing the bidding of, Communist China and its globalist allies, intent on stealing the election and installing their puppet. We urged you to use SCSOM and other loyal military units to seize the data not just on election fraud, but also all data held by U.S. intelligence agencies and federal law enforcement that contain the dirt on all American elites who have been bribed or blackmailed by the Chinese Communist regime, or other foreign powers, or who are ideological fellow-travelers and willingly doing their bidding.

We urged you to use your absolute power to declassify ANY secret information and do a Wikileaks style data-dump of that information on the traitors, to expose them all (regardless of political party). This will show the American people who has been compromised and who is a traitor. And that will give you the credibility in the only court that really matters at this moment - the court of public opinion among the patriots, and among the military - to do what you must do, which is to walk the same path of decisive action that President Lincoln took.

We pointed out that this is a matter of duty, and is your final, last chance to save this Republic. To that, we add the following:

You are running out of time.

The Deep State strategy had been, from day one, to do to you what they did to President Reagan: Surround you with Deep State agents who will assist in containing you by giving you terrible advice and by refusing to take meaningful action in any of their posts (AG Barr is but one example) and then run the clock out on you, until you are gone (and stealing your re-election to avoid the risk of having you in for eight full years). Right now there are still "advisors" around you telling you that you cannot use the Insurrection Act or do a mass data seizure/data dump to expose the traitors, or take other decisive action to defend our Constitution. Or they are telling you that you must wait for various reasons - such as waiting until after January 6, when the joint session of Congress meets to process the electoral college votes. Do not listen to them. That's just part of the plan to run the clock out on you. Do your duty, and do it now. Recognize you are already in a war, and you must act as a wartime president, and there is not a minute to lose.

Do it now. And don't let the fact that it is Christmas stop you.

Remember, George Washington led his men across the frozen Delaware river on Christmas in 1776 to attack the Hessians at Trenton early the next morning. Do the same to the Deep State traitors and ChiCom puppets. Attack them now, using your most effective weapons - your irrefutable powers as Commander-in-Chief and the Insurrection Act of 1807. Give American patriots a grand Christmas present by dropping the hammer now. Attack our enemies and deal them a crushing blow while they sleep, wrapped in their arrogance.

“REMEMBER OUR HERITAGE. ACT ACCORDINGLY.”

Why you should not wait until Jan 6, 2021:

The Republicans in Congress, in both the House and Senate (with a small handful of notable exceptions) are very likely to stab you in the back, just like the GOP controlled RINO state legislatures did. The Deep State wants you to wait till January 6, 2021 so their GOP puppets (such as Senate Majority Leader Mitch McConnell) can betray you yet again, violating their oaths, and certifying electors for a fraudulent imposter. And if you then take action, they will call you a dictator, accusing you of taking action only to stay in power. Under those circumstances, more military service-members may mistakenly believe that Biden is the legitimate President-elect and more of them will unwittingly obey stand down orders from turn-coat Generals. This does NOT mean that if you wait till then, that you should not still take decisive action if that comes to pass. You should still invoke the Insurrection Act and do what must be done. But it will be better for you to do it now, rather than after the 6th.

The GOP controlled state legislatures and other Republican officials in the swing states have already stabbed you in the back and betrayed their oaths, by certifying fraudulent elections that were not conducted according to the Constitutional mandate that "Each State shall appoint, in such Manner as the Legislature thereof may direct, a Number of Electors..."

Those GOP controlled state legislatures, executive branches, and judiciaries knew that the voting was not done according to actual state law, but was instead done contrary to state law in multiple ways, making the selection of the electors unconstitutional. And they also knew there was fraud, all resulting in the disenfranchisement of legitimate voters, who's right to equal protection of the laws was violated. And yet they still certified the fraudulent, unconstitutional results, and so far have refused and/or failed to decertify or overturn them.

And the courts, at every level, all the way up to the Supreme Court, have also refused to do their duty to defend the Constitution, and to secure the rights of the people, and have let this fraudulent farce go on.

Why should you expect anything better from even worse swamp creatures in the U.S. House and Senate? You should expect the dividing lines to be similar to the number of Republicans in Congress who voted "no" on the latest Stimulus Bill. Only a small handful of Republican Senators had any integrity. It will be the same with the Electoral College states. The majority of them will join in with their Democratic fellow swamp creatures – even the ones you endorsed and helped get elected or re-elected. They will protect and preserve the swamp instead of the Constitution. They are loyal to the globalist oligarchy and to the interests of Communist China, instead of loyal to the Constitution or to the American people.

And you saw a similar breakdown on the U.S. Supreme Court, where only two out of nine upheld their oath and their duty to hear the Texas lawsuit against other states, despite it being clearly within their original jurisdiction to hear all cases between states. All three of your own Supreme Court nominees turned out to be swamp creatures who stabbed you and the American people in the back by shirking their duty. Only Justices Thomas and Alito stood tall.

The same will happen in the House and Senate. A small handful of actual patriots will stand tall. The rest will fold, with Congress also rubber stamping and certifying unconstitutional voting, and unconstitutional selection of electors in the states, going along with the most blatant theft of an election in U.S. history, to knowingly, willfully, install a fraudulent Chinese puppet and his equally illegitimate running mate.

They could not beat you in a fair election, so they stole it, and now their establishment fellow travelers and/or cowards at every level of government and in every branch are supporting that theft.

Invoking the Insurrection Act NOW Will Pressure Both the States and Congress to Finally Do the Right Thing.

You need to take decisive action now, calling all National Guard units into national service to keep the peace as you order SOCOM and loyal military intelligence units to seize critical data/evidence and begin exposing Deep State traitors (anyone who has been bribed or blackmailed by Communist China or other foreign entities), and any evidence of vote fraud that has not already been destroyed. This is bigger than this election. It's about insidious subversion and take over of our nation from within by globalist elites in league with one of our most deadly enemies – Communist China.

This will put the fear of God into all the Deep State minions, including any of the compromised Republicans at every level, both in the states and in the U.S. Congress, and will embolden the patriot office-holders to again push for doing the right thing. The states still have time to de-certify the elections/states of electors, but time is running out. Put the bad guys on their heels now. They won't be able to know exactly what you now have on them, with all the data seizures all over the nation. They will begin turning on each other, and will roll over, seeking "deals" in exchange for testimony against each other. It's very similar to how you take down a crime syndicate or cartel.

You should have invoked the Insurrection Act immediately after it became apparent that the election was being stolen. Not doing so gave traitors time to destroy or manipulate evidence, covering their trail in the states. As any investigator or prosecutor knows, you don't leave evidence of criminal activity in the hands of the perpetrators – you seize the evidence as soon as possible to secure it.

You are already a month and a half behind, and now you have a crucial runoff election ongoing in Georgia, that is being stolen as we type this.

Invoke the Insurrection Act to Stop the Steal Going on Right Now in Georgia

Right now the runoff election in Georgia is being stolen. Georgia is using the exact same election model as they used in the November election – same machines, same process. And you can expect the same results. They will steal this election as well, giving the Democrats control of the U.S. Senate, and removing any possible barriers to their socialist agenda.

You need to call the Georgia National Guard (and any other state as you determine necessary) into federal service to stop the steal. Order them to monitor the voting, to secure the ballots and the voting machines, and to maintain chain of custody over every ballot and all the machines at every step of the process. Be prepared to relieve from command any commanding officer who will not do their duty. Expect it. The Deep State rot has unfortunately infested even the ranks of our military (as you are no doubt aware).

Appoint a true patriot as your Acting Attorney General.

Someone who you know will be a fearless champion for the Constitution and will take on the deep state and fight them tooth and nail. Have that new A.G. appoint special prosecutors and all necessary task forces to go after not just election fraud, but after all of the deep state and their treason and corruption. It is time to truly drain the swamp.

White Hats have the Goods

There have always been a group of white hats around you, this group has provided you assistance before and are ready to be called into action. This group has meticulously collected and secured open source data pertaining to the illegal acts committed by the traitors within the government. Barr and many others have failed to utilize the provided information and there may be people still in your orbit obstructing today. Luke 10:19

You need to be working with Patriots from outside the beltway to accomplish the mission – this has always been the problem. Those within the beltway seek to maintain the status quo and have been working against your efforts to drain the swamp. The White Hats only need access to you to help you. They've stand ready to assist you.

POST JANUARY 6

If you fail to act before January 6, 2021, and Congress at that time fails to defend the Constitution and stop the steal, as we expect them to, then we urge you to immediately take the following actions:

Declare that Congress has failed to defend the Constitution by rubber stamping a fraudulent and unconstitutional election. Further declare that the states also failed to defend the Constitution by failing to de-certify a fraudulent election and fraudulently selected electors. Also declare that seven out of nine of the Justices on Supreme Court has likewise failed in their duty, by refusing to hear a case squarely within their original jurisdiction. Declare that the American people are now being subjected to an extra-constitutional, illegitimate system that "rules" through systemic fraud, without the actual consent of the governed. And declare that therefore, you will honor your oath to "preserve, protect and defend the Constitution of the United States."

You will not concede to an unconstitutional fraudulent farce, you will not step down, and you will not leave the White House in the hands of an illegitimate, fraudulent imposter, who is a suspected agent of a foreign enemy.

along with the mass declassification and public data-dump (see below), the best thing you can do right now to show the American people, and the military service-members under your command, the reality of our predicament is to play the following videos for them, of a Communist Chinese professor bragging about how they control the inner circle of the American elite, at the very top:

Here is the full video of the Chinese University Professor's speech:

You are Commander-in-Chief. Order that those videos be shown to all current serving U.S. military personnel, immediately. And also show them the below excellent documentary by Epoch Times, which goes into detail on how the CCP is engaged in unrestricted warfare against the United States and has, over decades, subverted and infiltrated our nation, consouering it from within, including being directly involved in stealing the election for Biden:

Those are three videos every American should watch, and then come to terms with the truth that Wall Street sold out long ago, and then our political class, our legal class, and all mainstream media likewise sold out, for personal profit and power.

We need to take our country back, and you, Mr. President, need to help us finally get it done.

Invoke the Insurrection Act and call all National Guard units into national service to keep the peace.

Call all patriotic veterans into federal service as part of the militia.

One of your clearly described statutory powers as Commander-in-Chief, is to call any veteran until age 65 into federal service as the militia, to serve right there with the National Guard, under your command. Federal law provides for calling us veterans into service until age 65 because of our prior training and experience. We are all trained, each according to his or her M.O.S. Many of us are recent combat veterans of Iraq and/or Afghanistan.

You can order veterans to report to their nearest military base or their nearest National Guard unit to be put to work, likewise assisting in keeping the peace and assisting you in anything else you need done.

Call all patriotic Americans of military age into service.

You can, and should, also call into service all able-bodied Americans between the ages of 17-45 who are still loyal to the Constitution. You need only issue the call and they will respond. In fact, tens of thousands of patriotic Americans, both veterans and non-veterans, will already be in Washington D.C., and many of us will have our mission-critical gear stowed nearby just outside D.C., and we will answer the call right then and there, if you call on us. Us veterans can quickly train, organize, and lead our non-veteran patriot brothers and sisters, to put them to work within their abilities (according to their skillsets and experience in civilian life that can be carried over into military service).

Again, be prepared to relieve from command all Deep State traitor officers in the ranks of the U.S. military and National Guard. Be prepared to promote loyal patriot officers or noncommissioned officers, or loyal veterans, into command.

Immediately begin the mass declassification and Wikileaks style data-dump to expose all the traitors, freeing Julian Assange so he can assist in this vital task.

You need to do this mass data declassification and public data-dump immediately, but if you do wait until after January 6, it will be all the more critical that you do it as fast as you can, and with as much evidence of treason being disclosed to the American people as you can possibly facilitate in the short time you will have to do it before January 20. Again, the most critical court is the court of public opinion and the most critical portion of that will be the current serving military, and the veterans of this nation (to avoid as much bloodshed as possible). They must know the truth, and all of the truth, no matter how ugly it is, and about both major political parties. Do not spare the GOP traitors any more than you spare the Democrat traitors. Expose them all. Dump all their skeletons in the street (all evidence of their being bribed, blackmailed, or otherwise colluding with our enemies) for the people to see. That will maximize your credibility, and will maximize the number of military personnel and federal law enforcement who will side with the Constitution and the rights of the people, and it will maximize the number of Americans who finally have the veil lifted from their eyes so they can see evil in high places among the principalities of the earth.

Remember, this is really a world war of the people vs tyrants and evil oligarchs. The world is watching us to see what we do, just as the world watched the Founding Fathers to see what would happen, and when they shook off the chains of monarchy, the world followed their example, in one nation after another. The same will happen again. And it starts by exposing all the dark secrets.

Immediately order the U.S. military and National Guard units to conduct a new nationwide election that is an actually clean election using paper ballots. Order this to be done ASAP.

Do NOT concede to an illegitimate, fraudulent election, or illegitimate state and federal rubber stamping of that illegitimate election.

Declare that no electronic voting is secure or free from being manipulated, hacked, or otherwise used to commit vote fraud.

There needs to be a new election, nationwide, for all positions that were to be determined by the November election (and the GA runoff election), that is actually a clean election, giving true respect to the right of the people to elect their representatives, so that the consent of the governed is honored. And until that new election is undertaken, you must not step down. You cannot concede to an illegitimate election and allow a fraudulent "President" to take office. He must win by an actual election, if he is to win.

Carry out a clean election, as fast as is humanly possible, and honor the results, whatever they may be.

We recommend the following:

The new election will be conducted by the national guard and veterans as part of the militia, and/or the U.S. military over a two week period on paper ballots, with constant civilian observers and the public being able to observe at every stage of the process.

The paper ballots are to be assigned an ID number that can be given to the voter and the name and ID number should be registered in a live time voter database on a secure military server (creating a scrolling sheet that is constantly updating). There should be a concurrent manual ballot count, along with the entry into the database, indicating voter ID number, and votes (maintaining voter privacy but also allowing the voter to audit their own vote).

The voter will put their thumb print on the paper ballot with purple ink (just like we did in Iraq) so nobody can vote more than once. All voters must provide some form of government issued ID that proves identity and residency. For federal elections, they must also prove citizenship in some way (by federal law, only U.S. citizens can vote in federal elections. This law must be enforced).

The voter shall be given a photo copy of their ballot so they can audit it later at their command and discretion at any time during business hours at their local county clerks office to confirm that their vote was not changed, and that it was counted.

The paper ballots will be counted at the end of the two week period. All ballots are to be securely maintained during the voting period by the military and militia (including National Guard) under constant supervision by the military, by the militia, and by local civilian observers selected by lottery and will be counted in front of any other citizens who wish to monitor. The whole process should be transparent and open to the public to observe at every step. At the time of the count the ballot ID number will be acknowledged in the database as having been counted. The ballots will then be made available for audit by the individual voter.

We must also clean up all the other public offices from past elections. All local communities are to hold public referendums on their elected officials with the support of the military and/or militia to decide if they should remove from office any or all of their other sitting elected officials, and/or to conduct special elections using the same protocols as above.

No party will be allowed to participate in such a referendum and only the citizens will determine if ALL other elected officials in their state are removed and a new special election held for all elected positions. Any new election will be conducted in the above described manner.

If we fail to root out the deep state, root and branch, NOW, this Republic is dead. We the People will not let that happen. But we need you, President Trump, to stand up and honor your oath, and do your duty as our President and Commander-in-Chief.

Know this: millions of American military and law enforcement veterans, and many millions more loyal patriotic American gun owners stand ready to answer your call to arms, and to obey your orders to get this done. Our goal is to honor our oaths to defend the Constitution and ultimately to restore our Constitutional Republic.

President Trump, you must be as decisive, if not more so, than President Lincoln was at the outset of the Civil War, when he issued an arrest warrant for the Chief Justice of the Supreme Court, issued arrest warrants for several members of Congress, for sitting state representatives and officials, as well as newspaper editors, as he suppressed an insurrection and rebellion that had spread throughout all branches of government at all levels.

If you fail to do your duty, you will leave We the People no choice but to walk in the Founders footsteps, by declaring the regime illegitimate, incapable of representing us, destructive of the just ends of government – to secure our liberty – and to be a mere puppet of a deadly foreign enemy. And, like the Founding generation, we will take to arms in defense of our God given liberty, we will declare our independence from that puppet regime, and we will fight for our liberty.

There are millions of American patriots standing ready. Do not forsake them. Do not leave them to have to do it all themselves. Keep your promise. Drain the Swamp. Do it now! We will help you at every step of the way.

PS – PATRIOTS, QUIT USING THE TERM "MARTIAL LAW!"

The term "martial law" is nowhere in the constitutional text (go look. You won't find it there). The power of Congress to provide for calling forth the militia to suppress an insurrection, on the other hand, IS in the constitutional text, and Congress did so, starting in 1807, in the Insurrection Act (and all its amended versions since). Suppressing an insurrection and "martial law" are very different and should not be conflated or confused.

All the above recommended actions can be done under constitutional powers and authorities pursuant to the Insurrection Act, and pursuant to the President's powers and duties under Article II. President Trump does NOT need to try to step outside the Constitution to enforce it. He merely needs to use his constitutional powers in defense of that same Constitution, and in defense of the rights of the American people, pursuant to the Constitution (such as the right to vote, as well as the right to equal protection of the laws).

So please stop using the term "martial law" to describe actions President Trump can and must undertake to suppress this insurrection. You do a great disservice to the cause when you throw that term around instead of simply advocating his use of the Insurrection Act, and you only make it easier for our enemies to claim that President Trump is acting outside the Constitution and is a wanna-be dictator. Keep the focus on the Constitution, where it belongs.

Further, the Insurrection Act allows for the President to make his own determination of the facts regarding the existence of an ongoing insurrection.

This is something else people seem to have a hard time understanding. He can invoke the Insurrection Act, and then gather the evidence of the extent of the insurrection and treason committed by individuals, for later prosecution in trials for treason, sedition, espionage, etc. He doesn't have to provide that evidence "beyond a reasonable doubt" up front. But he does need to articulate, to the American people, what is happening and why, and then he needs to seize the evidence and do that massive declassification and data-dump so the American people have a sense of just how widespread the corruption, treason, sedition, and espionage really is. Then comes the indictments, arrests, prosecutions, and public trials, before juries of We the People, as our Constitution requires. And that is where evidence beyond a reasonable doubt will need to be presented to the jury.

Help us defend the Constitution against ALL enemies, foreign and domestic!

Donate here to support our mission and sustain our volunteers. Or join Oath Keepers here. You do NOT have to be prior service to join! All patriots are welcome. We are all in this together.

We need your support and your help. God bless.

Mr. Stewart Rhodes

I appreciate your clear and broad, detailed writing that puts into words expressly the urgency of the hour and exactly what Trump must do to break this dead pan silence of non action that is difficult and confusing for many patriots to withstand and observe. Personally I am not sure exactly "who" or "what" is directing and creating the strange energy that seems to be over our country regarding the election, but something feels off. I appreciate you bringing clarity to it, and calling it like it is, putting it in words, and straightening up the ambiguity of the mission facing us. We need the cohesiveness, focus, and action of the President. Thanks for kicking him in the derriere. I am concerned Trump is running a different agenda, wearing a 2 sided costume to somewhat please the patriots yet taking an entirely different path at the bidding of his owners. Am I the only one who feels this, fears this? I think multiple people are sensing this, based on the things I hear people expressing. So I appreciate you bringing crystal clarity and power, Mr. Rhodes, to what must be done NOW. Breaking the negative spell of the Quiet, wondering if he will seize his Power or will he just let America down. Thank you. I keep your organization in my prayers. Thank you to all Patriots who are still fighting and strengthening. You all mean so much to me.

Well said, Stewart. I would only add that our Founding Fathers were not only shaking off the chains of monarchy, but more importantly, the chains of a Parliament (congress) that was compromised by Mercantilism (crony capitalism) in the form of the British East India Company and their monopoly on trade (tea, etc.). Reagan's landslide victory in 1984 had the slogan, 'It is morning again in America'. Well, we can now truthfully say, 'It's 1776 again in America'.

Stewart, On behalf of all military and law enforcement veterans I want to thank you for your continued fight to save our Republic from the most egregious attack on our Constitution and our freedoms that this country has seen in my lifetime and beyond. I pray that President Trump is reading these "open letters" and that he is taking your recommendations seriously. We are short on time and we are on the precipice of losing the greatest nation the world has ever known to the unhinged Socialist/ Marxist puppets that engineered and put into action the most massive election fraud in our country's history. As you stated, there are many of us ready to honor our oaths and do whatever needs to be done to secure our freedoms and the freedoms of our children, grandchildren and their heirs for generations to come. I'm past the time where I can be called to duty (I'm 71), but I'm in good shape, and still capable of defending our country from "domestic enemies", which is exactly what the Democratic Party and the Republican traitors are. I also believe President Trump needs to act now and I have sent him emails and letters encouraging him to take action to save our country as soon as humanly possible! I would like you to know that I am willing and able to assist in any manner needed. I am in Nevada, a state that saw rampant voter fraud, which I was personally exposed to through a very close friend's experience. This election cannot be allowed to stand. Biden cannot be allowed to take control of this country through a fraudulent election that was orchestrated and backed by the CCP, Soros, and corrupt politicians and election officials in many of our states. We must convince President Trump to do what must be done. If he fails to take action now, I'm convinced that the only other option will be an armed rebellion by the patriots of this country. I never wanted to go to war again, but to save this country and our freedoms, and to honor those that made the ultimate sacrifice, I will put my life on the line again, so help me God. I've said that if I was willing to go to a foreign country to fight for what I believed to be to protect democracy, what do these leftists think I'd be willing to do on American soil to protect our Republic and our freedoms? Looking back now I believe the Vietnam War was a tragedy that should never have been allowed to happen. We lost over 58,000 American patriots for nothing. But what most of us believed is that we were defending democracy. We must win this fight or the ultimate sacrifices that so many have made before us will have been for naught. That includes the men and women of our law enforcement agencies that took the oath to protect not only our Constitution, but our communities as well. These sacrifices of our men and women in uniform, regardless of whether it was military, law enforcement, or first responders, must not be in vain. We must stand as strong as our Forefathers did when taking this country from tyrants and giving us the freedoms that allowed our country to evolve into the greatest, most prosperous and most generous nation on the face of the earth. We must win this battle or our country as we've known it will be gone, replaced by the New World Order, the Great Reset, or whatever other God forsaken name these evil globalists concoct to take total control. God Bless America! God save America!

I am calling for the arrest and prosecution of the democrats and republicates that have sold our country down the river to China and other nations. Some of those that must be arrested are Maxine Waters for inciting riots against we-the people and Chuck Shummer and Nancy Pelosi for treason and insurrection together with Dick Durbin, Nadler and Eric Holder, Loretta Lynch and Obama and Joe Biden and all their demoric counter parts. It is time to support President Donald John Trump and help him take our country back. I have never seen such corruption in all my 79 years of life in America. We are no longer "One Nation Under God" as founded by our forefathers. We have been divided by the corrupt "DEMONCRATES" and their satanic followers. TAKE A FIRM STAND ALL YOU WHOM ARE TRUE AMERICANS!

 God Bless you. I pray the President reads this. However, I have been told he doesn't read. Just watches MSM. As we know from the Art of War... The battle is a very before it even begins.... and this one is lost my friend. You have tremendous courage and wisdom. I pray that you can use it to help us form a strategy to win the next battle in this war..All the fools have been reading this Q garbage. If only any of that were true! Please publish national strategy before we face the full power of the state acting under color of law. They are coming for us. Trump's inaction has exposed all who stood with him.

Wow, great article. I am 61 and can't believe what is unfolding in front of our eyes. All the crimes...where do I start! Gezz. I just know I am reading and seeing so much that has always been in question and defined as conspiracy theories starting decades ago with the assassination of our President. Imagine, a 5 year old witnessing our President's historic funeral service. That event is still embedded in my brain as if it were yesterday. If my father was alive he would be so ashamed of this country and the traitors that have sold out for profit. God does work in mysterious ways but I also believe true patriotic Americans do too. I have never needed a gun but just recently bought one because of what we are witnessing.
 I have never been in service but will gladly serve our President and my country to save it. I will gladly take an oath to protect the future of my kid. I would rather die an American hero than a coward.
 You can call on me. May God Bless the United States of America!

Any Politician that supports an election process that does not include voter identification and validation is indeed corrupt, and contributing to changing the USA from a Republic to a Socialist Nation. Josef Stalin is quoted; "Those who cast the votes decide nothing. Those who count the votes decide everything"! While I clearly support President Trump to remain in office as our President, the more important task for him now is to ensure our voting process is secure. I see no alternative but for him to invoke the Insurrection Act immediately.

Mr Rhodes Sir you have one real Problem only in your Opinion of what Potus Trump needs to do

THE DECLARATION OF INDEPENDENCE

Sir It clearly defines WHAT must be done in The First Paragraph

DISSOLVE THE POOLITICAL BANDS

No election can be done due to both political bands installed the FEDERAL RESERVE

Both Poolitical bands Are the Enemy within

An fair elections must be put on hold no such thing

Mr Rhodes the Potus must first follow our Declaration of Independence

An why due to the Constitution is just plain to slow for this type of UNCIVIL WAR

Two

ALL ABLE AMERICANS will have Skin in this CONTEST and this little Rebellion at all levels will require BOOTS filed by AMERICANS

to hold the Ground

Three

Sir soon the lights will go out an my hope while there is still time is you might get The Word to what maybe our only way to

Communicate basic bands on CB so the few may broadcast at the local level or receive our orders .

Four

This is a UNCIVIL WAR and the rules for engagement due to the enemy within will not wear a uniform and adhere to a rule of warfare

that is civilized

So please Sir read this passage in the Declaration for it will be here again

He has Excited domestic Insurrection amongst us and has endeavored to bring on the Inhabitants of our Frontiers the merciless Indian

Savages whose known rule of warfare is an undistinguished destruction of All Ages Sex's and conditions

The above quote Will be the case Sir due to EVIL is REAL so this must be ADDRESSED

Five

The Constitution is only for a Moral People and our Enemy's has no Morals this is UNCIVIL WAR by its very Nature a GOOD FIGHT but

Evil is at its full Strength and this is a Super Natural power that has found it way to light of day

It must be dealt with No Mercy for it will show no mercy to those it captures for a very old type of WARFARE is here and it must be

recognized now SIR

Six

The Colors SIR our Enemy will use them and being this is a uncivil war sir may I recommend Potus Washington flag to rally to

AN APEAL TO HEAVEN

My name is Michael Day Sir Here in a little corner of the Republic behind the lines in Commiefornia

My fellow Americans HERE will HOLD UNTIL RELIEVED by GOD

He believes that to a lesser or greater extent everyone in politics is tainted. I told him that Patriots are waiting for the system to run its course; that we should allow all the people in government to go on record. That we should not assume they will all cave. That is the fair thing to do but it is not the strategic thing to do.

The enclosed depicted cross of this Christmas message was erected in the desert of Southeast California.....In a place of quiet contemplation.
The cross being dedicated to the DEAD of all wars has special significance for us for family member PFC John I. was killed fighting Japanese aggression in April 1945, a few months after we celebrated our last Christmas together.....
This Christmas America apparently has a new and equal crises.....FRAUD AT THE BALLOT BOX which has been characterized by the American News Media as something like, NOT SIGNIFICANT. I disagree with this view for the known facts speak differently. Ah! the pen is an instrument of fraudulent voting and it has been asserted that "THE PEN IS MIGHTIER THAN THE SWORD".
My brother fought our nation's battle for survival against the Japanese armed with a combat rifle, ammunition, bayonet, and explosives all supplied by the U.S. taxpayer. Upon maturity I became a very competent criminal investigator fighting a similar war against those of our society who embrace crime and corruption.....MAJOR FRAUD was my forte. My basic tools, also provided by our society, were a bit less lethal than my brother's but just as effective.....a Detective Shield, a Peace Officer Commission Card, a side arm, LAW BOOKS and jails. And yes voter crimes are addressed within these law books which books line court house shelves, however too political for our political judges.
It is my position that one illegal ballot is one **too many**with the thousands required to upset a nation's apple cart, mind boggling. I believe that America is in dire straits as all future elections will be "blue prints" of this 2020 election.
Do I remember Pearl Harbor and the Nazi death camps? You damn right I do and hope you do also. Any organization capable of upsetting the American apple cart is quite capable of mass destruction.

Our Country is under attack by the WORLD... The Globalists (Chinese Led) have an agenda and America is the only country ARMED to stop it... Nationalism is gaining strength around the world. We do not want Globalism. Globalism led by Communist, Un-elected Politicians that know nothing of what is means to be American. To be Free... The Nationalist movement around the World is watching us. Preying we don't give up the progress our President Trump has made thus far. It will be a 4-year set back, just as President Trump set the Globalists back in 2016. As an American, a Veteran, a Patriot, a Husband, a Father, a Grandfather, I am compelled to set the example to my family, my friends and my Flag, how I am to respond to this emergency we face in our country and indeed the World. If President Trump doesn't recognize his role as our leader, we must show him, we must assure him, we must gather around him as lay our arms at his feet and demand he lead us in this World War. We must assure him as Washington needed assurance of the right course to take. When we, the Militia show up in Washington D.C. armed and prepared to fight, I can assure you the National Guard will also show up, as well as the Quick Response Team from Fort Stewart, Ga. We can call out to our leader and demand he lead us, "Give us our Marching Orders or bid us farewell, to return home."

We, Americans, must do something. The Chinese has said it themselves, they planned, coordinated and executed their attack and called it Elite Capture... Capture the Elites of America's strength, finances, communications, education and culture. Divide them, so they may fight among themselves. They did it, but we recognize it now and we must cut the rot out of our garden. Anything less will be for not.

For I will not live under Communist/Socialist/Globalist rule. I am an American, a fighting man, a FREE man... I will not bend nor tolerate anything less. Everything in life has a cost. Freedom will cost me my Life, my Liberty and my Wealth. Without Freedom, Life, Liberty and Wealth means nothing anyway. He needs to be constantly reminded by people like you that supporters are more numerous than he could ever know and are more than ready to prove that fact. From: OK Gator 1

Got to be timing , I'm hoping he wants us
all in DC to protect him if they lose their
minds but no idea

From: +770-356-5476 (Moerschel) *To:* OKFL Hangout

I think he will wait until the constitution completely fails before he invokes insurrection act. That means, if all legislative options fail on Jan 6, he will invoke the act - probably the same day.

IMO, any members in DC should absolutely have firearms somewhere (legally) nearby.

From: Genx

To: OKFL Hangout

Patrick Byrne says that Mark Meadows and his lead attorney are blocking Flynn and Powell. They also keep talking him down from taking offensive action. The theory is they've been promised big money if he concedes... who knows the veracity of that

From: +770-356-5476 (Moerschel) *To:* OKFL Hangout

Speculation: Jan 6 must be his personal resolved date to act. Why else would he call us up?

From: Pete - FL

To: OKFL Hangout

Who are they "Mark Meadows and his lead attorney". We can DOX them and get their names out so they can be pressured. THEY need the same treatment!

From: Gator

Personally, I think they need the same “treatment” that is prescribed for traitors.

From: +770-356-5476 (Moerschel) *To:* OKFL Hangout

Lawyers always think the answer is legal.

From: OK Gator 1

To: OKFL Hangout

We have 10-12 staying there . So it's gonna be a WILD time in DC we gotta get the crowd going during the day . I think we get everyone up good and close to the Capitol bldg so they can here is inside . Then at night well whatever happens happens .

From: Gator

I'm trying to schedule work etc. so, Tue

Thur 7 back to FL? Is this accurate? Tnx

From: Stewart Rhodes

To: OKFL Hangout

He is being advised to wait till the 6th in reliance on Congress. His “legal advisors” are NOT actually advising him (not laying out all his actual options like a real staff member should, and then let him decide).

They are instead acting as if his only option is to hope Congress does the right thing - which is extremely unlikely.

From: Stewart Rhodes

To: OKFL Hangout

I'm working to get him to see other options and put them on the table.

From: GenX

To: OKFL Hangout

That's what i would have guessed... one
damned week left ... I'm going to DC but
it feels like a fool's errand based on current
events

From: Stewart Rhodes

To: OKFL Hangout

I think Congress will screw him over. The only chance we/he has is if we scare the shit out of them and convince them it will be torches and pitchforks time is they don't do the right thing.

But I don't think they will listen.

From: Stewart Rhodes

To: OKFL Hangout

It's not a fools errand. It has benefits regardless of outcome and regardless of what we then do.

Trump needs to know we support him in using the Insurrection Act.

And that needs to be the message - If Congress rubber stamps an unconstitutional fraud, President Trump

From: Stewart Rhodes

To: OKFL Hangout

must defend the Constitution and we
URGE him to use the Insurrection Act
to do so.

And we will support him with our boots
on the ground nationwide and we will
protect him, and assist him.

From: Stewart Rhodes

To: OKFL Hangout

He needs to know that to his bones.
We need to make it clear.

And we need to have that message
echoing off every roof top from now till
that day.

Focus like a laser on it.

From: Stewart Rhodes

To: OKFL Hangout

And he needs to know that if he fails to act,
then we will. He needs to understand that
we will have no choice.

From: OK Gator 1

To: OKFL Hangout

We need to make those senators very uncomfortable with all of us being a few hundred feet away . Our peaceful protests need to have a little more teeth . They aren't listening . Now we aren't talking about crossing the line . But we need to be standing on the line !!!

From: OK Gator 1

It's all bad from here guys. We need Trump because it will make our job easier. There is gonna be blood in the streets no matter what. But with Trump in office it's much easier for sure . Let's see what he does and be ready fir whatever that is we can't make up his mind for him. But we can be ready for what ever the outcome is .

From: +770-356-5476 (Moerschel)

when everyone in the world will be watching.

Maybe our role on Jan 6 (as Patriots) their will be more kinetic and less for "show of force"

Shawn! Can't believe I just thought of this:
how many people either in the militia or
not (who are still supportive of our efforts
to save the Republic) have a boat on a
trailer that could handle a Potomac
crossing? If we had someone standing by
at a dock ramp (one near the Pentagon for
sure) we could have our Quick Response

From: Tom Caldwell

To: TREE Shawn Pugh

Team with the heavy weapons standing by, quickly load them and ferry them across the river to our waiting arms. I'm not talking about a bass boat. Anyone who would be interested in supporting the team this way? I will buy the fuel. More or less be hanging around sipping coffee and maybe scooting on the river a bit and

From: Tom Caldwell

To: TREE Shawn Pugh

pretending to fish, then if it all went to shit,
our guy loads our weps AND Blue Ridge
Militia weps and ferries them across.

Dude! If we had 2 boats, we could ferry
across and never drive into D.C. at all!!!

Then get picked up. Is there a way to
PLEASE pass the word among folks you
know and see if someone would jump in to

From: Tom Caldwell

To: TREE Shawn Pugh

the middle of this to help. I am spreading
the word, too. Genius if someone is
willing and hasn't put their boat away for
the winter.

From: Caldwell

Everyone.... tonight or tomorrow... let's take some time to thank our loved ones for putting up with us and our inability NOT to stop from running to the sounds of battle.

Many of us are prior military and first responders, and likely our families thought that was behind us, and we were just going to ride off together into the sunset....

From: Don

To: DC OP: Jan 6 21

but here we go again. Even though what we do is of upmost importance to our country, holding down the home front is also important... let them know how important they are! After all they put up with us.....

A Leo told me when the whole defund the police movement started that we would see the good cops leave and only the bad cops stay. I think that may be happening now, especially in these more liberal states. We will need to be very cognizant of whose side the police are on. Because the assumption that they are on the side of the righteous may be flawed.
