No. 21-MJ-115 (RMM/GMH)

**ORDER**

Based on the Consent Motion to Continue the Preliminary Hearing, it is

**ORDERED** that Defendant's preliminary hearing shall be continued for good cause until March 5, 2021 at 10:00 a.m. before Magistrate Judge Zia M. Faruqui; it is further

**ORDERED** that the time between February 26, 2021 and March 5, 2021 shall be excluded from calculation under the Speedy Trial Act. The Court finds that the ends of justice served by the granting of such continuance outweigh the best interests of the public and Defendant in a speedy trial, as the continuance will provide counsel for Defendant with time to undergo a medical procedure.
