Re: Jacob Garcia

My name is Annette Littlejohn. My husband, Ralph & I have owned a respected construction company in Johnson County, TX for 33 years. We met Jacob in 2015 thru our electrician that we had been employing for several years. Over the course of the next several years we enjoyed spending time with Jacob both professionally and personally. His work ethic and enthusiasm to learn was always very impressive to us both. His mannerisms and respectful personality make him enjoyable to be around. Many times in this business that combination is hard to find.

We have recommended Jacob to several people who have all been extremely satisfied with both his work and his presence. An older friend once told Ralph, "That Jacob is just a good kid. I wish I had something else I needed done so I could have him back over."

We have several projects coming up this year that we are hoping to give to Jacob. He is truly an asset to us and many others.

Thank you for your time.

Sincerely,

A handwritten signature in blue ink that reads "Annette Littlejohn". The signature is fluid and cursive, with the first name "Annette" being more prominent and the last name "Littlejohn" written in a more compact, flowing style.
