interest of Justice. The following State-

ments are the Newly Discovered informations that I am bringing forth under Federal Rule 33.

1. The 1787 Constitution of the United States for America, Article III, Section 1, did not give Congress the Power to create another form of government with its own court, such as the United States District Court.
2. The United States District Court was called United States Federal District Court, until there was a major ruling in 1971, by Justice William H. Rehnquist of the

Supreme Court, of the United States ruled, that they could not use the term Federal because they are not federal.

3. The United States District Court is a Private for profit corporation. (It is not government owned).

4. This Court was created in 1871, along with the new form of government without the backing of the 1787 Constitution of the United States for America. This Court was created 94 years after the 1787 Constitution.

5. In the same ruling of Justice William H.

Rehnquist in 1971, he also ruled that

100% of all state and federal prisons are volunteered.

6. The United States District Court way of doing business for profit as a Corporation, is violating their own Copyright Title 18 USC 1781 under Hague Convention.

7. This Court is not registered with the Foreign Registration under the Department of Justice, under the Foreign Registration Act of 1939.

These seven (7) Newly Discovered information, sets the ground for dismissal due to the fact if I knew about this information, I would have never Taken the

Plea deal.

Accompanying this motion, there is a Seven (7) questions Interrogatory Questionire for the U.S. Attorney to answer and return in a timely fashion. Please order the U.S. Attorney to answer the Interrogatory Questionire under penalty and perjury, and return in a timely fashion.
