Case No. 21-cr-26 (CRC)

GOVERNMENT’S OBJECTIONS TO DEFENDANT’S TRIAL EXHIBITS

The United States of America, by and through its attorney, the United States Attorney for the District of Columbia, hereby provides its objections to the admissibility of certain exhibits contained on Defendant’s 286-item Exhibit List, which was first disclosed to the Government on Wednesday, January 25, 2023 at 1:23 a.m., nine days after the Court’s deadline, and less than two days before the deadline for these objections. *See* ECF No. 71 at ¶ 8.

In addition to the specific objections below, the Government provides general objections to categories of evidence listed or suggested in Defendant’s Exhibit List. First, the Government objects on the basis of Fed. R. Evid. 401 and 403 to video, photographic, and documentary evidence regarding the actions of law enforcement officers whose testimony is not elicited at trial and whose conduct was not directly observed by the Defendant or in close proximity to him on January 6, 2021. Second, the Government objects under Fed. R. Evid. 401 and 802 to the introduction of video, photographic, and documentary evidence in the form of news stories, articles, and testimonials of non-testifying third parties relating to the events of January 6, 2021. Third, the Government objects on the basis of Fed. R. Evid. 401, 403, and 802 to the admission of exhibits documenting rules, policies, investigatory findings, legal briefs, correspondence, records, and historical evidence (for example, the defendant lists as exhibits law enforcement policies,

Covid restrictions, Congressional rules, and Wikipedia entries). Fourth, the Government objects under Fed. R. Evid. 401, 403, and 802, to video, photographic, and documentary evidence of non-testifying law enforcement officers' conduct on dates other than January 6, 2021. Fifth, the Government objects on the basis of Fed. R. Evid. 401, 403, and 404 to evidence of Defendant's character and personal characteristics. Sixth, the Government objects on the basis of Fed. R. Evid. 401 and 403 to evidence related to the investigation and prosecution of individuals other than the defendant for wrongdoing on January 6, 2021 or on other dates.

The Government reserves the right to object to the admissibility of any of the 286 numbered exhibits and to revise and supplement its objections after reviewing the Defendant's final version of exhibits, for the following reasons. The Defendant largely failed to comply with the Court's instruction that, "the written list of exhibits must contain a brief description of each exhibit," ECF No. 71 at ¶ 8, many of the listed exhibits have not been provided, and the names assigned to the exhibits that the Defendant did provide to the Government do not match the names contained on his exhibit list. Accordingly, the Government has been unable to identify (and may have misidentified) a number of the Defendant's exhibits, and reserves the right to object to those exhibits once they can be properly identified and reviewed. The Government may also modify its objections depending on whether the exhibits are introduced on cross examination or in the defendant's case in chief.

The Government submits the following preliminary objections to Defendant's exhibits:
