Re: *United States v. Thomas Caldwell, et al.*  
Case No. 21-cr-028 (APM)

Dear Counsel:

This letter is intended to memorialize additional discovery materials that we are providing to you today:

First, we have added a folder called “Discovery Production 2 – 4-9-21” to the USAfx discovery box to which you already have been granted access. This production contains roughly 1,600 files consisting mostly of subpoena returns. We are attaching a copy of a log that lists out all of the files included in the Relativity production.

Second, we have created a separate USAfx folder labeled “Highly Sensitive Discovery Materials - U.S. v. Caldwell, et al.” We will provide any materials that we are designating as “Highly Sensitive,” under the terms of the Court’s Protective Order (see ECF No. 123) through this USAfx folder (unless the files are too large, in which case we will provide them to you on a disc or external drive that is also labeled “Highly Sensitive”). Currently, we have placed the following types of files into this folder:

- Some of the U.S. Capitol surveillance video footage obtained to date;<sup>1</sup>
- Damage estimates from the U.S. Capitol;
- Defendants’ complete, not-yet-scoped cell phone search warrant returns; and
- Defendants’ financial records.

We will forward additional discovery as it becomes available. If you have any questions or concerns about these discovery materials, please feel free to contact us.

Sincerely,

CHANNING D. PHILLIPS  
Acting United States Attorney
