ORDER SETTING ADDITIONAL CONDITIONS OF RELEASE

On September 10, 2021, the Pretrial Services Agency for the District of Columbia (“PSA”) submitted a status report in this case “requesting a modification in the defendant’s release conditions.” Pretrial Compliance Report at 2, ECF No. 20. Specifically, PSA requested that the following conditions be imposed on Defendant Felipe Marquez’s release:

- Courtesy Supervision by the Southern District of Florida.
- Report as soon as possible, to the pretrial services office or supervising officer, every contact with law enforcement personnel, including arrests, questioning, or traffic stops.
- Not possess a firearm, destructive device, or other weapon.

Id. Additionally, during Defendant’s plea hearing held the same day, the United States of America requested that, as a condition of his release, Defendant undergo a mental-health screening by the pretrial services office to determine what health care might be beneficial to him during incarceration or supervision. Defendant consented to these four additional release conditions before entering his plea.

Accordingly, it is hereby **ORDERED** that, in addition to the conditions already imposed on Defendant’s release, Defendant’s release is subject to the below conditions:

- Courtesy Supervision by the Southern District of Florida.
- Report as soon as possible, to the pretrial services office or supervising officer, every contact with law enforcement personnel, including arrests, questioning, or traffic stops.
- Not possess a firearm, destructive device, or other weapon.
- Undergo mental-health screening by the pretrial services office.

SO ORDERED.
