Re: *USA v Christmann*, 1:21-cr-00502-CKK

Your Honor:

This office represents Mr. Christmann in this matter, and our sentencing submissions are due today. I still need to finalizing some research, and to gather a few unresolved facts. In light of this, we are respectfully requesting that this Honorable Court extend the submission date of the Defendant's sentencing submissions **for two days, or to January 10, 2024.**

I anticipated being able to meet with Mr. Christmann this afternoon to finalize our work, but my calendar quickly filled up, where four cases for me to appear today became scheduled. We are finalizing our submissions, and I just need two days to complete the tasks we have yet to finalize, and to speak with Mr. Christmann further so he is comfortable with our submissions.

I reached out to AUSA Sonia Mittal, and she indicated that the instant request is unopposed by the government.

I thank the Court in advance for its consideration and understanding on this request. I am reachable anytime at 631.521.1499 to discuss this matter further.

Respectfully submitted,

/s/ Steven Alan Metcalf
