Attorney for Defendant

Defendant James McGrew's motion to continue his sentencing hearing, which was granted by the Court on June 7, 2022, failed to include the specific request that all deadlines with respect to the preparation and filing of the Presentence Report by the United States Probation Office should also be extended to coincide with the new date for the Sentencing hearing.

This provision was specifically requested by the United States Probation Officer assigned to this case, and the request was mistakenly omitted due to an error by counsel for Mr. McGrew.

Based thereon, Mr. McGrew requests that this Court's June 7, 2022, Order granting the Motion.

Dated: June 8, 2022

Respectfully submitted,

/s/ William L. Shipley
