UNITED STATES OF AMERICA

v.

DAVID JOHN LESPERANCE, CASEY
CUSICK, AND JAMES VARNELL
CUSICK, JR.,

Defendants.

No. 1:21-cr-575 (JDB)

GOVERNMENT’S OBJECTIONS TO DEFENDANTS’ TRIAL EXHIBITS

The United States of America, by and through its attorney, the United States Attorney for the District of Columbia, hereby provides its objections to the admissibility of certain exhibits contained in Defendants’ exhibit list. *See* ECF No. 81. At the threshold, the Defendants’ submission suffers from a fundamental flaw: as of this writing, the Defendants have provided neither the underlying materials referenced in the exhibits list nor sufficient detail to identify those materials in the discovery files. For a large number of proposed exhibits, for example, the Defendants offer only conclusory—sometimes unintelligible—descriptions and vague references to “[d]iscovery” or “[e]vidence.com” as the exhibits’ source.¹ Given the volume of materials produced in global discovery in January 6 cases, such vague descriptors and identifiers render the Defendants’ exhibit list largely uninformative. For that reason alone, the United States respectfully requests that its objections to all materials that cannot adequately be identified based on the information provided by the Defendants be preserved.

¹ Moreover, for numerous exhibits, the “Source” column is left blank (or is possibly misformatted to the point it is illegibility).

Below, the Government provides objections to categories of evidence, as well as objections to the specific materials listed in the Defendants' proposed exhibits, to the extent the latter is feasible given that the Defendants' vague descriptions and failure to provide the underlying materials.

I. General Objections

First, as the Government explained in its pending motion *in limine* (ECF No. 62), the Defendants should be precluded from (1) arguing any entrapment by estoppel defense related to law enforcement or (2) presenting any evidence of alleged inaction by law enforcement unless the Defendants specifically observed or were otherwise aware of such conduct at the relevant time. *Ibid.* Accordingly, the Government objects, pursuant to Fed. R. Evid. 401 and 403, to video, photographic, and documentary evidence regarding the actions of law enforcement officers whose testimony is not elicited at trial and whose conduct was not directly observed by the Defendants on January 6, 2021. *See, e.g.*, Exs. 4-6 ("Bodycam Footage of Officer"), Ex. 37 ("CAPITOL POLICE FIRED EXPLODING FLASH GRENADE INTO CROWD On Jan. 6 of Men, Women, Children"), Ex. 39 ("Rally goers walk into the Capitol – Capitol Police open the doors"), Ex. 81 ("BWC Camera Footage Foulds, Henry (11401) Title: 20210106 – RIOT – CAPITAL BUILDING"), Ex. 82 ("BWC Camera Footage H.F. Title: 20210106 – RIOT – CAPITAL BUILDING"), Ex. 95 ("20210106 – CAPITOL SIEGE - UNITED STATES CAPITOL Bagshaw, Jason (6640) X6039BAL"), Ex. 97 ("BWC Camera Footage – 20210106 – FIRST AMENDMENT 800 16TH ST NW ID: 21001920, 21002550"), Ex. 98 ("open source" rumble.com video described as relating to police allowing protestors into building), Ex. 100 ("Bodycam Footage of Officer D.T."), Ex. 101 ("BWC Footage – 20210106 – FIRST AMENDMENT ASSEMBLY-VERMONT Officer T.A. X6039B98K"), Ex. 105 ("20210106 – FELONY APO/RIOTOUS ACTS – US

CAPITOL COMPLEX Off. SS. X6039BJ8Z”); Exs. 109 and 111 (described as relating to police removing fence barriers and letting protestors in), and Exs. 186 and 200 (USCP Jan 6 timelines). *See also* Exs. 135-151 (additional proposed exhibits relating to actions of law enforcement officers on January 6).

Second, the Government objects under Fed. R. Evid. 401 and 802 to the introduction of video, photographic, and documentary evidence in the form of news stories, articles, photographs, and testimonials of non-testifying third-parties relating to the events of January 6, 2021. *See, e.g.*, Ex. 3 (“[p]hotos of protestor injuries”), Ex. 36 (“Staffers Walk Out of Congress In Protest Over Brown and Garner Cases”), Ex. 38 (“Black Bloc Enters Capitol First”), Ex. 57 (“Feds Caught, On Video, Attacking Capitol on J6”), Ex. 58 (“Trump Supporters Stop Anarchists from Breaking US Capitol Windows”), Ex. 75 (“Bloody guy”), Exs. 83-94, 112, 118, 128-134, 152, 154, 158-171, 205, and 208 (various open source videos or photos); Exs. 106-108 (additional “livestream” videos and interview), Ex. 110 (described as “final_report_of_investigation_real”), and Ex. 112 (“Mob storming the Capitol”).

Third, the Government objects to the inclusion and admission of scores of proposed exhibits relating to irrelevant rules, policies, procedures and events because these proposed exhibits seek jury nullification or otherwise serve to distract and confuse the jury. *See e.g.*, Exs. 8, 17-20, 22-27, 203 (policies and reports regarding police misconduct, use of force, body worn cameras, less lethal weapons, munitions, tear gas and pepper spray). Defendants appear to have included numerous exhibits relating to irrelevant law enforcement policies obtained from MPD’s website (*see e.g.*, Exs. 28-31 and 41-73) and Congressional rules and reports (*see, e.g.*, Ex. 76 (HSGAC & Rules Full Report Examining U.S. Capitol Attack”), and Exs. 115-117, 119-123). They have also included exhibits regarding the use of rubber bullets and pepper balls, neither of

which appear to be at issue in this case. *See e.g.*, Exs. 2 and 21 (“rubber bullets from above”), Ex. 28 (“PepperBall Catalog”). These exhibits are not relevant to the allegations raised by the Government nor the Defendants’ defenses and are inadmissible under Fed. R. Evid. 401, 403, and 802.

Fourth, the Government objects on the basis of Fed. R. Evid. 401, 403, and 404 to the Defendants’ proposed character evidence. The Defendant intend to offer as evidence a “Slideshow of Photos of Defendants & Family or Friends.” Ex. 1. But evidence of the Defendants’ character may be offered in this case, if at all, in the form of “testimony about the[ir] reputation” or “opinion” testimony. Fed. R. Evid. 405(a). The Defendants’ proposed “[s]lideshow[s]” fit neither bill.

Finally, the Government objects on the basis of Fed. R. Evid. 401 and 403 to proposed Ex. 174, described only as “Frequencies DC 011822 (25098).” While the Government has not received the actual file for this exhibit, the Government has reason to believe that this is a sound file of high-pitched ringing sounds that was used in the *United States v. Albert* trial (21-cr-26 (CRC)) to demonstrate Mr. Alberts’s known and documented medical condition, tinnitus, which is commonly described as ringing sound, roaring, or buzzing sounds. *See* 21-cr-26 (CRC). Here, the Defendants have made no proffer related to any similar medical condition nor provided the Government with any reciprocal discovery documenting such a medical condition. This exhibit is therefore irrelevant.

II. Specific Objections

Attached hereto as Exhibit A is the Government’s preliminary objections to the Defendants’ proposed exhibits.

As noted above, the Government reserves the right to object to the admissibility of any of the approximately 213 proposed exhibits and to revise and supplement its objections after

reviewing the Defendants final version of exhibits, once they are received and can be properly identified and reviewed. The Government may also modify its objections depending on whether the exhibits are introduced on cross-examination or in the Defendants' case-in-chief.
