At approximately 1:00PM, a pipe bomb was located at the Republican National Committee (RNC) offices located approximately 100 yards from the Cannon Building. At approximately 3:00-3:30PM V [REDACTED] and approximately 25-35 officers went through the tunnel connecting the Cannon building to the U.S. Capitol Building and entered the Capitol Visitor Center (CVC). assistance with another unknown subject (UNSUB 2). V [REDACTED] went to that officer's location and assisted that officer with attempting to take UNSUB 2 into custody. Again, the crowd pushed forward and they were unable to take UNSUB 2 into custody. UNSUB 2 was able to get away from V [REDACTED] and the other officer. V [REDACTED] described UNSUB 2 as a white male, 50-60 years of age, wearing military gear (hunting style camouflage), a red white and blue baseball style hat with the word "TRUMP" written on it, and having brownish/blondish light colored hair. V [REDACTED] stated UNSUB 2's hat was left on the ground where they had fought him.

V [REDACTED] stated after this occurred he realized he was injured and reported his injuries as follows: left knee was injured, left foot big toe area, right ankle, 2 fingers on right hand had the fingernails ripped, 1 finger on left hand had fingernail ripped, facial bruises to forehead, left eye and left cheek, and left side lower back experiencing soreness. V [REDACTED] estimated the injuries were sustained during the fights with UNSUB 1 and UNSUB 2.

V [REDACTED] received medical treatment from the nurses station located in the Longworth building, but did not go to a hospital or have an x-ray taken of any of his injuries. V [REDACTED] stated his injuries are subsiding with the pain, and he is resting at home until he is cleared to go back to work.
