On 01/06/2021, While working on duty status, RO Amendola, #6617 was assigned to the USCP CDU Platoon #4 CDU44B  
 At approx. 1455hrs USCP Platoons 3 and 4 were dispatched and deployed to the United States Capitol Building due to a very large and very unruly group of protesters/rioters attempting to breach and forcibly gain entry to the U.S Capitol Building. Upon arriving on scene inside the north side of the Capitol Building 1st floor, RO observed numerous people breaking the glass out of windows and the glass in the exterior doors. RO and several other USCP officers attempted to create distance by barricading the doors and windows by placing assorted furniture in front to obstruct any forcible entry by rioter. Protesters/rioters were kicking and striking the doors and windows with boards of wood and other blunt objects and attempting to reach through the broken glass of door to gain entry. RO implemented several empty handed strikes and controls to unknown subjects in attempt to gain compliance and prevent further property destruction or injuries to RO and others on scene. RO deployed/extended his issued ASP Baton and delivered strikes to the area of the hands and limbs of the protesters/rioters reaching inside the U.S Capitol Building and those who stormed through the broken doors/windows who were failing to comply with verbal commands and were rushing towards RO while exhibiting pre-assault/assaultive behaviors/indicators (Clenched fists, verbal threats, bladed body stances, and striking. RO deployed and sprayed issued OC/Sabre Red Spray in short bursts in varying distances exceeding approx 4ft to prevent and disrupt protesters/rioters from gaining and forcing entry in the U.S Capitol Building. During/after the chaotic scene no names were discovered, and no injuries reported by any subjects at the scene of the event.
