Honorable Judge Randolph D. Moss  
United States District Judge  
US District Court for the District of Columbia  
333 Constitution Ave NW  
Washington, DC 20001

Dear Judge Randolph D. Moss:

My name is Tyler Hall, and I am writing on behalf of Mr. Mileur who will be sentenced by you on March 20, 2023.

I have been a volunteer Commander at Never Forget AMVETS Post 11# where I have known Aaron Mileur for over 4 years.

He has helped our post and several other organizations assisting veterans, their families, and the community through his volunteering. In this period, he has been reliable in helping with our mission of serving others who may be in need. He has helped us serve older veterans and community members while we have had activities in and out of the post. He has used his skills in construction to help people who are elderly or suffer from disability. He has maintained a positive attitude throughout his volunteer duties and has always displayed compassion and attentiveness towards others who may be less fortunate.

Aaron Mileur has always displayed a can-do attitude, helping us to work on several activities within our post, from serving meals and helping people feel comfortable in all the work environments we have had him volunteer in with our organization. Outside of AMVETS he used his skills to help build a veteran a home to accommodate him for his given disabilities. He helped be a leader even in times of crisis when we had learned an elderly woman had hit her head, he had helped get her emergency attention and this resulted in her getting help quickly while comforting her. I have seen his compassion and his capabilities which have always resulted in a better environment in our non-profit.

Thank you, Judge Moss, for your consideration of allowing me to tell you what a valued member of the veteran community Aaron Mileur has been. We would miss having all his help with so many in need in our community. I hope you will release Aaron Mileur to be able to come help his brothers and sisters in service so we can build a stronger society.

Sincerely,  
US Army Retired Purple Heart,  
Tyler Hall
