Dear Judge Dabney L. Friedrich, my name is Isaac Hanson. I am not only one of Daniel's coworkers, but I am also one of his closest friends. I have known him for about six years now and we have always gotten along very well. I met Daniel through work, and I could say that almost everything that I have learned throughout the years of roofing; I have learned from Daniel. He has always been a good teacher/mentor of the trade we are in, and it comes from his hard work and dedication. Daniel has one of the best work ethics I have ever seen; he doesn't miss days of work and he is always on time.

Not only has Daniel been a great mentor to me, but he has also been a very good friend as long as I have known him. He is the type of guy that would give you the shirt off of his back if need be. If I was ever in a tight place and needed help with anything he would be one of the first people I would call. I know he would feel the same. Throughout the years of knowing each other we have almost become family; I would consider us to be.

Overall I believe Daniel to be one of the most sincere and honest people I know. Hopefully this letter will help shed some light on the kind of person he is on a daily basis. Thank you for taking the time to read my support letter.

Sincerely, Isaac Hanson
