**Re: Character Reference for Timothy Hart**

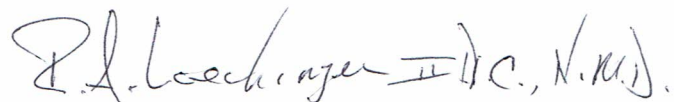

**Please let this letter of character reference reflect what I know and believe about Mr. Hart, whom I have known as a patient. In light of any allegation attributed to Mr. Hart, I present this letter in all sincerity.**

**Mr. Hart has been a caring father and husband as the head of his house and family always seeking medical care for any and every need regarding his family's health and wellbeing. Further, I know him to be an upstanding and long-time business owner in his community and has supported his family and has been favorably well known.**

**In my opinion, the sum total of a man's character can be seen in how he lives his life, runs his business and cares for those he loves. During my forty-five years of practice, I have known many people and patients very well and most very deeply. This relationship I have had as a sacred bond, as a healer, physician, and many times a friend has put me in a unique position to see the depth of character and help me understand, if not judge, the qualities and deficits of character.**

**No man is perfect. We are all, at times, sinners and saints. In his heart, I know, Timothy Hart is a good man who should be afforded every consideration when weighing any of his life on the scales of justice. Every soul has value and worth and it is my plea that whomever measures Tim on those scales does so with humanity and justice.**

**Respectfully,**
