CONSENT MOTION TO EXTEND RESPONSE DEADLINE

The Government respectfully moves the Court to extend the deadline for defendant Cody Mattice to submit a statement of his position on the Motion to Strike Portions of the Indictment. During the afternoon of March 3, 2022, counsel for the United States sought Mattice’s consent for its Motion to Strike. The next day, counsel for Mr. Mattice responded that he would be unable to provide consent or object before March 11, 2022, because that was the earliest date on which he was able to arrange a video conference to consult with his client. The United States then filed its motion without waiting for Mr. Mattice’s response. In order that Mr. Mattice is able to consult with his counsel, the United States requests the Court to extend the deadline set by its minute order and to permit Mr. Mattice to submit a statement of his position on or before March 14, 2022.

Respectfully submitted,

MATTHEW M. GRAVES
United States Attorney
