they plan to have. They will also have Jewish participants who will blow one Shofar one time at the beginning of the program each day.

She was also not aware that the event time needed to include the set up and take down time and requested to have two hours added on the front and back end of the event as the event program will run 1200 pm to 5:00 pm both days.

She stated that the stage and sound equipment will be brought by the other SP Chris and to contact him for more detailed information. She also stated that they will probably have back drop banner. I advised that it will not be able to be on the stage but rather on the ground. She stated that she is fine with that but to let Chris know as well.

12/30/2020 @ 1243 hours called other POC for the event as he will be bringing the equipment

The sound system is a Bose L1 Compact System with wireless microphone that will be placed on the stage

There will be either one or two banners with the message Kingdom Come on it. (not an advertisement) that will be on the ground by the stage not on it.

He confirmed that the only music will be recorded music for the purpose of interlude or for congregational singing as part of the prayer program and between speakers.

SP called to inquire if Area 1 was available so they could have access to electrical. I advised that area 1 is only available on Tuesday and not on Wednesday (restrictions begin this day). She asked to switch to Area 1 on Tuesday (Jan 5th) and remain in Area 15 on Wednesday (Jan 6th). I advised that I will need her to email me with that request as we need the change in writing.

She mentioned that in the interest of time they will most likely secure a vendor for the stage of the event. I advised that if that is the case she will need to advise in email any changes to the size. She stated that the vendor was requiring a 6 hour window for delivery which would change the start time of the event.

I stressed again that all changes must be emailed to be to have a written record of them.

12/30/2020

SP emailed later in the evening with the change for the area only and confirmed that they had reviewed and understand the information provided. No mention of the change to stage was provided.

12/31/2020

Replied to SP in email stating that I received the information provided in the email and if there were any changes to the stage that she needs to let me know ASAP

12/31/2020 1110 hours

Called SP to inquire after the stage change. She stated that they will in fact have two panels that measure 8' x 4' x 12" to be one stage of 16'L x 8'W x 12" H with one step on the side

While on the phone SP emailed a photo of the stage.
