Comes now the defendant Daniel Michael Morrissey and moves this Court for an order continuing sentencing in this matter from the currently set date, May 24, 2022 to a date and time convenient with the Court approximately in the third or fourth week in July, 2022.

This motion is based upon the fact that, throughout the month of April, undersigned counsel has been traveling extensively for business and to visit colleges for my daughter, a senior in high school. In addition, I have been in preparations for an upcoming trial in the matter of *United States v. Reed, et al.*, 19-cr-462-SVW (CA-CD), an eight defendant drug distribution conspiracy set for trial in the first week of June, 2022.

Also, as the Court is aware, the the discovery in this case is extremely voluminous constituting well over 14,000 hours of video recordings and numerous other materials. This volume alone makes preparing for sentencing arduous and complicated.

There have been no previous requests to continue the sentencing in this matter.

On or about April 28, 2022, I communicated with AUSA Christopher Tortorice who informed me that the government has no objection to the request to continue this matter and would be available during the time period suggested above.

For the foregoing reasons, it is respectfully requested that the Court enter an order continuing the sentencing in this matter to the third or fourth week of July, 2022 or to a date thereafter available to the Court.

Dated: May 2, 2022

Respectfully submitted,
