With a mom named “**Yoanna Kulas**”. Wonder if his Czech grandparents were Nazi collaborators? Is he keeping up the family tradition?

American people should show up to his mommy's house with a gallows and raid mommas house. Maybe sell there house to pay for damages to the Whitehouse.

Illinois brothers plead guilty to charg...

And what does this say about the failed parents who raised these punk traitors?

Hope they're both sentenced to time in the slammer - and get their assholes stretched to the limit while they're there.

**giveypup** I sincerely hope you...  
(and family) get the psychological help they need. Your son has been radicalized and is very ill. I hope that you can de-program him since he is not as old, and his neurology not as cemented, as some of the violent, crusty, old, murderous Trump supporters he has chosen to align himself with. Truly, I am a mother and would be distraught over this. GET HIM HELP!!!!
