

To whom it may concern,

I am writing on behalf of Kenneth Duncan Massie. I understand that he is being charged with parading/picketing inside of a government building.

We have been friends with Duncan, and his family for about 15 years. I grew up with his older children and now my children are friends with their younger children and grandchildren. We love them dearly!

He has been a great husband and father to his family. His dedication to them is admirable. He's worked very hard for his them and has provided his wife with the opportunity of staying home and raising their seven children.

Growing up, I saw the practical life skills he taught his five boys, and they continue to use those as grown adults today. Those weren't the only things he has taught them as his legacy is extremely important to him; He taught them to be compassionate, to be loving, and to be faithful men of God.

When I was younger, Growing up and being surrounded by a man of such character like his was always encouraging. He was a good example of how husband should treat his wife and how a father should be to their children.

Throughout the years, I have always known him to be faithful, dedicated to his family and those he loves, kind and hard-working. I have never known him to intentionally break any laws, as he is a morally inclined person and is always striving to set good examples for his children and grandchildren.

I ask that as his case comes before you that you take some of these things into consideration.

Sincerely,

Elizabeth Grace Williams
