

UNITED STATES DISTRICT
COURT FOR THE DISTRICT OF
COLUMBIA

UNITED STATES OF AMERICA

v.

MICHAEL GIANOS,

Defendant.

Case No. 22-cr-74 (JMC)

GOVERNMENT’S OBJECTIONS TO DEFENDANT’S PROPOSED TRIAL EXHIBITS

The United States of America, by and through its attorney, the United States Attorney for the District of Columbia, hereby provides its objections to the admissibility of certain exhibits contained on defendant’s 423-item Exhibit List. In addition to the specific objections below, the government provides general objections to categories of evidence listed or suggested in Defendant’s Exhibit List.

First, the Government objects on the basis of Fed. R. Evid. 401 and 403 to video, photographic, and documentary evidence regarding the actions of law enforcement officers whose testimony is not elicited at trial and whose conduct was not directly observed by the Defendant or in close proximity to him on January 6, 2021.

Second, the Government objects under Fed. R. Evid. 401, 403, and 802 to the introduction of video, photographic, and documentary evidence in the form of news stories, articles, and written testimonials of non-testifying third parties relating to the events of January 6, 2021.

Third, the Government objects on the basis of Fed. R. Evid. 401, 403, and 802 to the admission of rules, policies, and historical evidence (for example, law enforcement policies, Covid restrictions, Congressional rules, and Wikipedia entries) that are not relevant to the allegations by the Government or relevant defenses of Defendant in this matter.

Fourth, the Government objects under Fed. R. Evid. 401, 403, and 802, to video, photographic, and documentary evidence of non-testifying law enforcement officers' conduct on dates other than January 6, 2021.

Fifth, the Government objects on the basis of Fed. R. Evid. 401, 403, and 404 to evidence of Defendant's character and personal characteristics.

The Government reserves the right to object to the admissibility of any of the 423 numbered exhibits, and to revise and supplement its objections after reviewing the Defendant's final version of exhibits. In particular, the Government has been unable to identify a number of the Defendant's exhibits based on the submitted description and discovery provided and so respectfully reserves the right to object to those exhibits once they can be identified or are turned over. The Government may modify its objections depending on whether the exhibits are introduced on cross-examination or in the defendant's case-in-chief.

To the extent possible, the Government submits the following specific objections to Defendant's exhibits:
