REPLY in Support by PRESS COALITION as to THOMAS PAUL CONOVER re [35] MOTION to Access Video Exhibits

06/10/2022

MINUTE ORDER denying the requests in the [38] Probation Petition. The probation officer appears to seek reconsideration of a sentence that the Court imposed after careful consideration of the record and the arguments of counsel. The probation officer requests removal of the residential-reentry-center special condition, asserting only that a single residential reentry center "advised how their agency cannot accommodate Mr. Conover due to his medical issues." Based on Defendant's representations at sentencing, the Court's understanding is that the Defendant's treatment consists of taking medication and meeting periodically with his treating physicians. The probation officer is directed to attempt to place Defendant at another residential reentry center. If those efforts are unsuccessful, the probation officer is directed to request a hearing, at which the probation officer and a representative from the residential reentry center should be available to explain why Defendant's medical condition cannot be accommodated at the residential reentry center. With respect to the request to allow international travel, the parties agreed at

sentencing that this request should be made after Defendant has established a track record of compliance while on probation. Signed by Judge Florence Y. Pan on 6/10/22. (lckw) (Text entry; no document attached.)
