

Case # 1:21-cr-00623

6-26-23

Dear Judge Cooper

LEAVE TO FILE GRANTED

A.R. Cooper U.S.D.C.  
7/6/23

AHN: Judicial Notice

For the record, I Wholly object to the unprecedented sentence this court has determined in this matter. My ability to form an effective defense was prejudiced by incompetent counsel. The fact of ineffective defense counsel is well supported, as the Plaintiff verbally agreed to such in open court and (on transcripts) in several pleadings. As officers of the Court, prosecutors had a duty to notice the court that defense was prejudiced. Prosecutors acted in dereliction duty and breach of trust. This Court should immediately sanction such conduct.

I am only raising the issue now because incompetent counsel would not argue the matter of no competent witness. Pierce admitted in interview "there are certain things I cannot do because of bar membership" (officer of the court)
