

Exhibit B

To the honorable Judge Lamberth,

My name is Charlie Harris and I've been a good friend of Kenneth Armstrong III for nearly 40 years. I am writing to you today to hopefully give you an insight into the character of Ken and relay some of his best qualities and why I have remained friends with him for such a long time.

I understand that he has plead guilty to his participation in the events of January 6th, and while I understand that this is a serious crime, I believe firmly that Ken was there with the best intentions. I believe that he was there to express his support of what he feels is the right of every American, to make his voice heard and be a part of a patriotic demonstration and in no way do I feel that he would insight violence or damage property. I have always seen Ken as a peacekeeper, the kind of guy that would give you his shirt off his back, turn the other cheek to any kind of provocation and would do his part to make the world a better place. For example, a few years back, he reached out to me to see if I was willing to spend my Saturday to join him in helping to clean up the hiking trails in our county (San Mateo County Parks) and we spent the majority of our Saturday volunteering for the park system rebuilding drainage, stairs and trail system to make the park and trail better for all who might come after us. I doubt I would have done this without prompting from Ken. While I am an avid hiker, he reminded me that we should give something back to an activity that we both enjoy.

As a further example of Ken's generosity, I remember a time when some of our mutual friends in college had their car break down while they were driving back from college. Ken was the first person they called knowing they could rely on Ken to get them out of a tough situation. Without question, he drove 5 hours one way to pick them up, help them get their car sorted, and drove them back home another 5 hours safe and sound. Good friends are hard to find, and I value my friendship with Ken due to his great qualities.

Your honor, I understand that you have a responsibility to bring justice to what is often an unjust world. As his friend who has known him for a very long time, I can confidently state that Ken is a true credit to our society. I hope that I have given you an insight into what kind of man Ken is today. Thank you for your consideration of my support for Ken.

Best regards,

Charlie Harris
