The Honorable John D. Bates
United States District Court for the District of Columbia
333 Constitution Avenue, NW
Washington D.C. 20001

Dear Judge Bates,

Hi. I am David's wife Tara Ball , I stay home and take care of our children and our home. Dave and I have been together for 4 years and married for 2 we have known each other for about 6 years all together. I wanted to write you today because I am aware of the charges David is faced with and I wanted to share what kind of man David is.

David is an amazing husband and father, he would go out of his way to help any one of us with anything we may need. He's very honest, caring, attentive and incredibly patient to his entire family. David has stepped up and taken care of my son (his step-son) with zero hesitation and treats him just as if he's one of his own. The drop of a hat taking him to practices and games with zero notice but the time it takes to drive him there just in time. He takes my son every where he takes his own children never leaving him out. In all honesty David would step and take care of anyone in need because that's just what he does, it's how he's built, he's a man of integrity and I've witnessed him go out of his way to take care of anything friends, family, acquaintances, and even strangers have needed more times than can be counted. David has donated to many charities and just people in general, sometimes without taking the credit. Twice now in the last two years he has planned and orchestrated getting me to my best friend in Florida and my best friend to me in Maine after a very long 12 years without each other.

David is a productive member of society, always has been and will continue to be. Going to work everyday, working hard to support his family. He continues to build his business's and support his community. He's always striving to do better. David has on multiple occasions done work for people of the community in need (often times veterans) without taking payment.

David is truly an amazing human, and as we all know that's rare to come by these days. It's been hard to witness him beating himself up all this time over what has transpired. He's been very hard on himself and I know the regret runs deep. It's so out of character for David to do anything even remotely wrong that this has really taken a toll on him, he's taking all this very seriously and I know he would never do anything ever again that would put him in any kind of situation. He's truly taken this to heart.

I appreciate being given the opportunity to express my opinions and views on David. I hope this helps you understand more about him and his character. Thank you for your time Judge Bates.

Sincerely,
Tara Ball
